21/12/24

"I saw and heard the voice of many angels round about the throne, and of the living, and of the elders; and there were myriads of myriads, and thousands upon thousands, who said with a loud voice, Worthy is the Lamb, who has been slain, to receive power, and riches, and wisdom, and strength, and honor, and glory, and blessing. And all the creatures that are in heaven, and on the earth, and under the earth, and in the sea, and in all that is in them, I heard them say, To him who sits on the throne, and to the Lamb, the blessing, and the honor, and the glory, and the dominion forever and ever.

And the four living people answered, Amen. And the elders fell on their knees and worshipped."

We read that it is not said "worthy is the Son of God" but "worthy is the Lamb".

We understand that if God were to base His Kingdom on the Terror of His Being, by extension this terror would extend to His Only Begotten Son, True God of True God, and consequently the individuals of Heaven must follow the policy of the courts of all times and nations, clap or be kicked.

I mean, if Creation were based on the Terror of God, the Congress of Heaven would be a club of palmeros kissing the ass of their Son, for fear of losing their seats. But no, the Divine Court does not prostrate itself before the Divinity of the King of Heaven, they acclaim the Lamb of God.

From which it is understood, first, that this Event takes place once JESUS returns to His World "with His New Name: CHRIST", the LAMB OF GOD sacrificed in Jerusalem for the Redemption from all the crimes of men, committed in Ignorance of the Origins and Causes of the War between God and Death.

And second: that the entire House of the LORD GOD YAHWEH, both his Brothers, the gods of Zion, and the House of YAHWEH AND SION, the children of God: prostrate themselves in adoration of the Eternal Vision of the Intimate Being of the Creator of the Cosmos: GOD IS LOVE!

The Love of Life is the Origin of Creation.

Both those who "loved the World until we offered His Beloved Son so that whoever believes in Him may live forever", and those who freely offered Himself "so that everyone who believes in Him may have life, and life that never ends", in

both, Father and Son, lives the same Holy Spirit who becomes Man and of whom it is written "GOD IS LOVE".

NOT the Terror, the blood of the infidel is not the key that unlocks the Door of eternal life. The Key is the Love of God to His Son, so that whoever does not worship the Son does not worship his Father, and will not enter Paradise.

This Love of God for His Son and of this Son for the Creation of His Father is seated on the Throne of the Universal Everlasting King, and is acclaimed by the entire Creation, surrendered to the Love that God and His Son revealed to us by opening their Breasts on the Cross.

Terror is NOT the strength that comes from the breast of the House of YAHWEH and Zion, Sons and Brothers of God, it is the explosion of a Life that kneels defeated before the Vision of this Spirit who lives in the Father and in the Son, who is incarnated in Christ, the Lamb of God, dispelling for eternity all Doubt about God's position regarding the Events of the Fall.

The Son offers himself to proclaim his Father's innocence in Satan's Betrayal.

The Father offers an Immaculate Lamb, His own Son, to proclaim Adam's Ignorance and His Responsibility in his Fall, for "that bull had gored before," and it was his Master's turn to offer a Lamb for Man and condemn to death the beast that "had kept goring."

The Light of Truth sits on the Throne of God as the Everlasting Almighty Universal King. The Love of Life governs Creation. The Doubt which Death extended against God was dispelled for Eternity.

"Worthy is the Lamb, who has been slain, to receive power, and wealth, and wisdom, and strength, and honor, and glory, and blessing. To him who sits on the throne and to the Lamb, the blessing, and the honor, and the glory, and the dominion forever and ever."

Son of God, how can I not let the Breath that gave me Life break my chest, expand through the firmament and fill the sky that houses me with this Victory for Eternity that My God wrested from Death? There is no Doubt in my being about the Nature of the Spirit that lives in My Creator; my Mind harbors no fear of eternal life. The Spirit of God who lives the Creator of the Cosmos became Man so that we would see Him, touch Him, listen to Him and with the senses of our heads we would understand that the Love of Life is the Origin of Creation. He had no art or part in the hand that opened the Door of our World to Death; nor was Death invoked by the Creator to burn His Paradise in the hell of Wars.

I hear His Son cry out: "Believe Me", opening His Chest, begging us, out of love, to understand that His Cross was not a game, His blood was not a dream, in believing Him is your Life.

What are the wise men of the Earth that I should marvel at their creations of mass destruction!

The Earth, the mother of my bones, poor thing, lies without strength, lying on the ground, finished by her children, banished from all joy, covered by the veil of shame, she, who gave everything to give a child to her Creator, stops her ears, does not want to listen to the drums of war, her children have lost their senses, they dance on their own graves. What has been my crime, my son? What do they accuse me of? Why do your brothers want to set fire to my body?

My brothers? They're not my brothers, woman. Power, wealth, wisdom, strength, honor, the glory due to My God is what they seek. You gave them flesh and bones, an Unclean Beast begat in them an evil creature. You hoped to conceive from your Lord a son, to give many children to your Creator, and here you are, without beauty, like a malnourished old woman walking to the cemetery of ruin among palmeros and jesters, mocking the death of the mother who brought them into the world.

They plant time bombs with which to bring down political enemies, 200 dead, and the dog runs to hide in the palace of the gods.

They have lost their minds. Power, riches, without wisdom and honor, is the banner of the monsters that your enemy has created in the children you gave birth to before the Sun, Moon, and stars. Weren't you beautiful, woman? Who is like you among your sisters?

But do not weep, your Creator chose among your children the most beautiful, each one a star, bright as a spring sun, he has seated them on Thrones from which they will rule the Heavens of heavens. When and where did God put on the flesh of His Creation and present Himself as an Equal among His Creatures? How could not the whole house of Yahweh and Zion, brethren and sons of God, acclaim your Lord and have in their hearts his glory, his life, his strength and his happiness?

Peace and Health to all who love the Son of God! On those who deny him, let the judgment and sentence fall on their heads: Banishment from Life.

The Future is open. The Seals have already been discovered. The Bride's Word, "COME," has traveled through the Millennia and come to the Throne of God. He who was to come, is already here. He is already spreading his Wisdom for the nations, the Sciences of the Tree of Life will rain down on all peoples. It will cover the Soul of the Earth with hugs and kisses.

The peaceable will be raised to the Power of the Fullness of the nations. Death will be fought and banished from the Body of the Human Race.

This will not happen in a Tomorrow; It is going to happen Today, before the eyes of all men, so that all may believe and understand that the Government of the Universe belongs to the King of Heaven, and from his Crown Peace and Health extends to all the families of the Earth. And seeing, believe that God lives.

Unite, all you who have in Death your Business, your Power, and your Glory. Do not be ashamed, do not hide, the stronger and more powerful you are the greater will be the victory of my King.

You who love Life, depart from the Beast of the North, the Dragon of the East, and the Crows of the Middle East; the King of Heaven comes to banish Satan and his hosts from the Earth.

They have lost their senses, they think they can make God tremble. Once God raised with His Hand the foundations of the Continents; do not challenge him again, lest your desert cities be swallowed up by the ocean in the twinkling of an eye. The Time of Satan's Empire has come to an end. A Thousand Years to Death, A Thousand Years to the Prince of Hell.

The house of the Lord has stood against earthquakes and floods. God's Word is God: "The gates of Hell shall not prevail against your walls." He did NOT have armies to defend himself from the siege. In God he had his Strength; naked and alone, he left it so that everyone understands that when the Lord of Eternity speaks, the galaxies have in his Word the Law that governs them.

Therefore I worship my King and fear not Satan; for God spoke to His Son, and His Word is Invincible: "YOUR Seed will seize the gates of their enemies." And my soul writes in the Book of History: "And so it was," to the glory of the King and the Salvation of many.

20/12/24

"If you do not believe when you speak of earthly things, how will you believe if I speak to you of heavenly things?"

Let us see how the Son of God could have explained to them in his time the Mechanics used by his Father to sink the World of Adam at the bottom of the Biblical Universal Flood. To begin with, let us understand that Divine Omnipotence refers to Physical Power, that is, the power to reduce a mechanical process to its minimum expression of time. Until recently, to travel a hundred

kilometers it took hours and days, today in a fraction of an hour it is done. When we speak of Creative Omnipotence we refer to this Physical Definition of what Power is. The maximum expression of this Power, in the case of movement, would be the equalization of Time to Thought, what we usually call Teleportation, a Power with which the Son of God disappeared from a place to appear no one knew where; A power that was not limited to his Person alone, we see him move the Disciples' Boat from the sea to the shore in the twinkling of an eye, without any of them being able to explain what had happened. Understood this we are going to recreate in a simple way the Mechanics that God set in motion to create the Flood that ended Adam's world.

1.-Warming of the Intercontinental Geological Plates connecting Asia, Africa and Europe. God raises the amount of heat produced by the Core, heats the Mantle, reaches the Lithosphere, and begins a massive evaporation of the ocean waters of the Atlantic and Indian Oceans. Needless to say, the God's Domain of this mechanic is Perfect, Infinite; every last element of this Equation is held by His Hand. God does not intend to destroy all Life, His Gaze is focused on burying Adam's World and opening the Door to a New One, ours.

God transforms the massive evaporation of the waters of the oceans resting on the Eurasian and African geological plates by opening a window in the ionosphere, in God's words: "all the fountains of the abyss were broken, the cataracts of heaven were opened." All of us who love the Knowledge of the Structure of the Universe in which we have been created, and of the Earth on which we move, know that the Ionosphere is the last Wall of Defense of the Biosphere against the solar winds. Ask New Orleans the day Katrina descended from the skies over Louisiana. All scientists engaged in the things of Space Rocket Launches know for a fact that the massive invasion of the Ionosphere and Stratosphere by those rockets that preceded Katrina, not being controlled by any International Power, caused the effect described, in its micro version by the Divine Author: "all the sources of the abyss were broken, the cataracts of heaven were opened."

We understand that the God-Sought Effect had its Cause in the Colossal Opening necessary to create a Katrina by releasing water for 40 days and 40 nights. When the floodgates of the Biosphere were opened, the solar winds cooled the Atmosphere to the point of transforming all the Vapor accumulated in its Body into Diluvial Waters.

This Window Opening effect in the Stratosphere is known to scientists, to the point that there has been a global decrease in rocket launches against the Ionosphere since Katrina. Records of launches and their direct effects in the form of hurricanes and deluges can be tracked on the Internet. Why did scientists keep quiet and remain mute? For the same reason that they do not say a word about the direct relationship between the Atomic Age and the Change of the Earth's Climate. He's bad people.

3.- We already have Noah's Ark floating under a flood that lasted 40 days and 40 nights. Let the wise in the service of Death multiply the height reached by the water of Katrina in a few hours by 24 times 40 and proceed to Equality.

But this is not enough reasoning for us to explain how Noah's Ark ended up on a mountain, instead of on the waters of the Indian Ocean, for example.

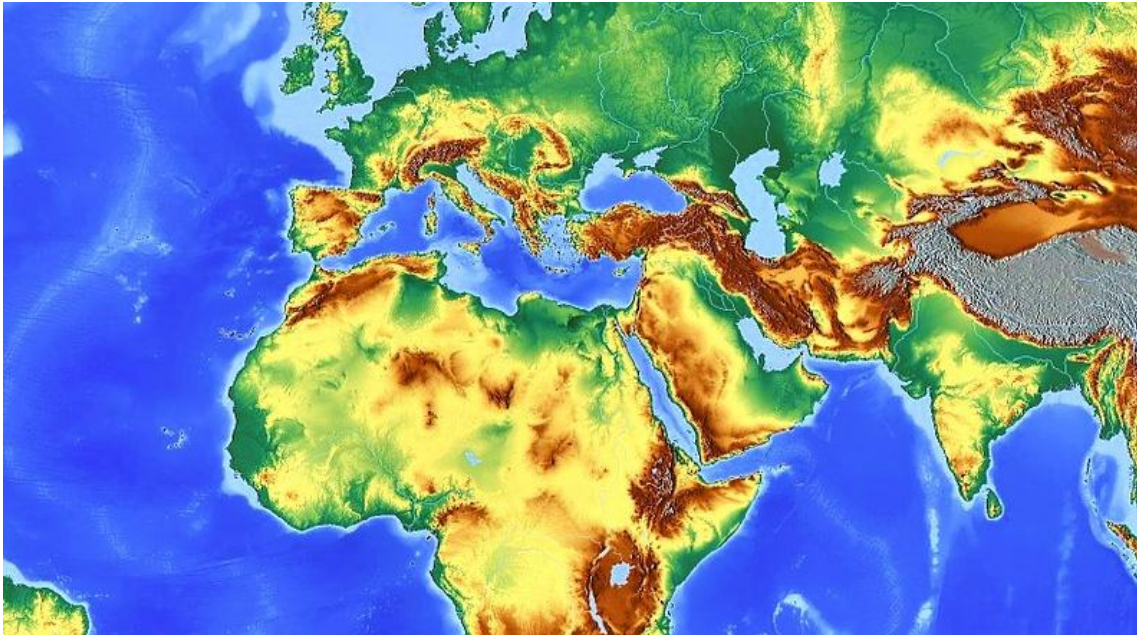

The logic of the movement of all the waters of the planet is from the mountains to the sea. Here we have a supernatural effect, inexplicable from the ignorance of the Geophysical Structure of the Earth, and because Supernatural deniable and denied by those who call themselves geologists and astrophysicists and yet work with a Model of Earth and Solar System that only exists in their heads, a means of hiding their ignorance and guarantee of continuing to be called wise.

We have Noah floating under a flood that does not cease. If nature had followed its course and Noah ended up in the Indian Ocean, the Origin of the Flood in God would have been erased from the map of Consciousness. So God seeking to convince us of His Existence by means of an Irrefutable Supernatural Proof, and this Irrefutability based on His opposition to the Physics of Nature, God makes use of His Omnipotence and causes the collapse of the Warming generating the Evaporation of the Atlantic and Indian Ocean waters.

The Perfection of His Mastery of the Sciences of the Creation of Worlds and Universes is infinite; so first the Intercontinental Plate between Africa and Europe sinks, the Bridge between both Continents falls, the so-called Column of Hercules collapses, it sinks under the waters; a Gigantic Tsunami invades the Great Sea from the Atlantic Ocean, so called later; tsunamis sweep the coasts of North Africa, bury islands and advance towards the Middle East; it floods the entire Ancient Mesopotamian World, the homeland of Eden, and pushes the Ark into Syria and Iraq.

4.- Not everything is finished, we are talking about the Creator of the Cosmos, the Heavens and the Earth. God is looking at us. He knew that in our Day our scientists would have put themselves at the service of Death, and he wanted to put on the Table a Supernatural and Irrefutable Proof of the Existence of our Universe as far as its Creation is concerned.

So he proceeds to the collapse of the Arabian Plate, opening on both sides of the Arabian Peninsula the two gates through which the waters of the Indian Ocean will enter Mesopotamia, collide with the waters that entered from the West and pushed the Ark to the East of Turkey, between Lakes Van and Sevan.

Here we have the Biblical Flood Creation Map.

A geological tsunami produced by a controlled warming of the Euro-African Atlantic Lithospheric Plate, followed by its Thermophysical Collapse, sinks the bridge between Africa and Europe, leaving all the way free to penetrate the sea between both continents, and devastate coasts and islands from west to east.

The Heating of a Geophysical Plate implies the Uplift of the Bases of the Continents, as it were, lowering the density of the bridges by the expansion of the radius of the Lithosphere, falls the Bridge between Africa and Europe, afterwards called the Pillars of Hercules, the memory of whose existence, referring to its Inviolability between the Sea and the Ocean until that Day, he passed on to the Mythologies. Today we call them the Strait of Gibraltar.

Continuing with this Controlled Expansion of the Lithosphere, the Great Sea also opens to the east between Asia and Europe, creating the Dardanelles Strait and the Sea of Marmara, which will finally communicate with the Black Sea.

To the North, discovering how it affected the geological relationship between the British Isles and the Continent is the music of another song.

What we definitely see on the Map is how the coasts of the Northern Mediterranean launch over the Middle East those Tsunamis, which if they had not collided with the Tsunamis rising from the Persian Gulf naturally the Ark would have ended up sailing the waters of the Arabian Sea.

Does the Son of God explain this to his contemporaries? To understand it by a generation of scientists who had as their moral principle Active Anti-

Christianity, and the Denial of the Existence of God based on the existence of the Empire of Death on Earth?

Is not the existence of Death the infallible proof of the affirmative denial of the non-existence of the God of Jesus Christ?

To serve Death, to work for War, gives fame and riches; working in the service of the God of Jesus Christ gives you a headache. To be continuously waiting to be able to enjoy their own destruction, to live the pleasure of dying being right: "God does not exist", this is supernatural.

We see then that the historians of the Modern Age were mostly the wipe with which the kings wiped their bottoms, the water in which the Pilate washed their hands. They turn to Herodotus and acclaim him the father of Historical Science. And they are right. The question is: And whose children were and are they?

We read their books about their kings and their empires and vomit mixes with disgust as our mind paints in our eyes the moral turpitude, the lack of dignity of the universities, blinding the eyes of the people to the crimes of their kings and their politicians, making them swallow genocides by mosquitoes and religious wars by ants. while they drown with the deeds for eternity of their neighbors.

There was once a time when it was dreamed that living historians would be the conscience to which governments and crowns would answer. We dreamed of heroes. How ridiculous, to believe that a teacher in the pay of a State would be able to put his Science at the service of the Truth!

The dream was killed in the two world wars of the twentieth century. At present, the Powers have performed an operation of magic, which if it had been prophesied to the Herodots of the nineteenth century would not have believed even the first word: Ladies and gentlemen, the journalists, the mass media, acting as Public Historians.

If those were the role of the ass of the kings and their politicians, they wipe their asses with their bare hands.

Thank God the Day has been born in which everything that is hidden will come to light, the crimes that were woven to access Power will come to the surface, the plans to collapse nations and create dictatorships will be discovered. And every man for himself!

19/12/24

Why does Christian Civilization exist? It is the great question that Science has never been able to answer; before we know "that we know nothing", he has simply ignored the answer. But first it is good to clarify a point. Whether Jesus was born on December 24 or February, in the first year or four years before or after, does not detract from the Christmas Event at all. Just as it does not detract from the importance of the French Revolution that Napoleon was born on a Saturday, Sunday or leap February. An Event in Universal History is not subjectivized by the knowledge of the day and year that Alexander the Great, Solon, Buddha, or Hammurabi was born. In fact, many of the great heroes of History come to us with unknown, probable or very uncertain date of birth. To be more objective, knowing the age of each child and one's own is a fairly modern knowledge, and in the Ancients it is limited to dynastic families exclusively; The man without a cradle did not know his real age, he knew his time to die, but the time he lived was so useless to him that everything was reduced to his strength to work, since he was a child, and to lose his life for the king. And little else.

In the case of Jesus Christ, his Date of Birth has been preserved by the relationship of his Nativity with Events that transcended the acts of his own Family, the Massacre of the Holy Innocents by Herod, the link that unites his Birth to Universal History. A Fact that preserved by his Mother, and even in the Memory of the sons of David of Bethlehem of Judah, the Evangelists were able to place in the Histories of the Empire and the Kingdom of Israel.

Even so, the Existence of Jesus in the pages of History is a Supernatural Event. The Persecution to which His Disciples were subjected, the Slaughter of the sons of David of Nazareth and of Galilee, against which they fought by dispersing through the provinces of the Empire, makes it Incredible that the Doctrine of a Crucified One, among the thousands that the Romans annually dispatched, and the massacres of the Believers by the Jews, stoned to death in the streets, it has crossed the Mountains of the Millenniums to rise as the Civilization from which all nations have learned Science, Art, Law, Politics, Justice. The Roman Empire unleashed its full Criminal Force against Christianity for Four Centuries. The Jews burned the Temple of Jerusalem in the hope of erasing the existence of the Crucified Christ from the Archives of Israel. Nero reduced to ashes the Archives of the Roman Empire in which Historians could have found the confirmation of the Universal Census of Octavian Augustus and the Trial of Pilate against Jesus. In those two fires the Memory of Christ should have died once his Disciples had been killed by Jews and Romans. Flavius Josephus, ringleader of the Fires of the Temple of Jerusalem, taking advantage of these two Events, rewrote the Ancient History of the Jews, books in which he banished from the Jewish Consciousness the existence of that God by opening the waters of the Red Sea; and reduced an Event of Universal Value to the category

of a simple old wives' tale. Where was that God when his people were destroyed? Jewish Atheism, sui generis in its scientific principles, had its champion in the Historian of Jewish Antiquities. This Atheism is the oldest workhorse in the world: Does God exist? Where in the 20th century were you? And where when the Black Death Pandemics ravaged the Medieval World? Descartes' Doubt had its origin in this simple Judeo-Flaviojosefian equation.

Flavius Josephus' hands in the dough, his Hatred of Christians an absolute force in him since the Year 49, when Paul silenced Peter and put the Servant in his place before the Lord, Peter wanted to baptize the birth of Judeo-Christianity, putting at the disposal of the Jewish Independence movement the Christian forces to rise up together against Rome; from that Sacred Year, the Hatred of Flavius Josephus conceived the History of the Jewish Wars, until the Destruction of Jerusalem and its Kingdom, erasing from the Contemporary History of the First Century the very existence of Christ and Christianity, whose Growth was supernatural in the eyes of those who hated Jesus and still do not want to understand that this Growth had its Origin in the God and Lord of Moses whose existence he himself Flavius Josephus will deny them his People in their Jewish Antiquities

All the religions and empires that have filled the pages of the Book of the History of the Human Race were born declaring war on all other peoples, as infidels. Thus Hinduism was born; also Islam; idem Communism. The Victory of a Civilization from its Very Beginning, persecuted to death and massacred by its faithful for Four Centuries, is a Phenomenon so incomprehensible from the rational human laws against which it can only declare War until it achieves what no one could, or convert. To ignore this Supernatural Phenomenon is to deny the Nature of Universal History.

Christian Civilization was founded on the Blood of the Son of Man, Jesus Christ, and his Brothers in the Spirit of Yahweh God. They sacrificed a Sheep and the Flock was multiplied by Ten. The survival of Hinduism and its sects, of Islam and its sects, of Communism and its sects, was always based on the genocide of its enemies. Their enemies were all those who did not bow their knees to their gods and their leaders. None of these Movements would have survived if they had been subjected to the Law of Peace and Freedom. Four Centuries defending this Flag, watering the fields of the Future with the blood of its faithful, no religion ever resisted it. Had they emerged in the Golden Age of the Roman Empire, neither Hinduism, Islam, nor Communism would have been able to withstand a face-to-face battle with Caesar.

The Jews and Romans assumed that the Christians would be swept out of the Empire in a few decades; A religion that commands to be massacred had no future.

And here we are. The Jews lost their Kingdom and their Nation. The Romans lost their Empire and their Italy of the soul. Where is Caesar? He has incarnated in the North, he is hungry for Empire. Where are the armies of David and the glory of Solomon? Surrounded by enemies to the death, defended by NATO Christians. The Lord God of Moses signed his Return to the land that his fathers lost through their Ignorance, so that the children may inherit it by the Recognition of the Truth. For Two Thousand Years They Were the Chosen People. For Two Thousand Years they were a People in Perpetual Exile. They paid for the Sin of their Original Father Adam, so that by the sin of the father all the families of the nations were banished from Paradise so that Life on Earth was created, by the son of that father, Christ, Freedom would come to all nations, and thus the children of Abraham would know the hell to which their father condemned all our fathers. Isn't our God a God of Justice?

All Jews and Gentiles were caught up in a War between children of God, not of this World, whose Origin goes back to Eternity. The Banishment of Creation that God declared to Death, for the love of Life, certainly exploded in His Face. The Final War between God and Death came to have as its battlefield the Earth, our World. Although God loved Man, His Son so much as to give us His Beloved Son as Champion, the Final War between HIM and Death could not be postponed. In God is the Creative Force of the Universes, in Death it is the Destructive Force of the Worlds.

A son of God, named Satan, opened the door of creation to Death. No one could banish Death from his creation except the Creator of the Worlds, Lord of the Cosmos and of Eternity: YAHWEH GOD FATHER OF JESUS CHRIST.

Whoever does not convert to the KING: JESUS CHRIST, THE ONLY BEGOTTEN AND FIRSTBORN GOD OF THE LORD YAHWEH GOD, will not enter into Eternal Life, will not cross the Gate of Paradise.

Why celebrate Christmas? Because we are born and live in the dimension of a unique Supernatural Phenomenon: A Seed against which the winds raised rains, hailstones, snows and fires, and resisted, and continued to grow until it covered the Five Continents with its branches. This was not the work of armies invading neighboring peoples, reducing cities and kingdoms to ashes, genocide by flag, massacre by hammer and sickle.

Believing is not an option, in the Catholic Faith there is Life.

18/12/24

God, Matter, Space, Time, are eternal. It is absurd to think that the Cosmos (Matter, Space, Time) is not, and God is. Or vice versa. Did God live in the Absolute Void before the Cosmos existed? Logic, that foundation on which our Mind is built, tells us that only a mind without logical foundations can put on the table an argument suitable only for imbeciles.

And vice versa, to conclude by reason of the Eternity of the Cosmos the non-Existence of God is as enormous an absurdity as the previous one. Especially when we know and because we know positively, from experience signed by all the sciences, that the human being comes from traveling the space of the infinite galaxies, from North to South from East to West, and consequently the scientists of the Stockholm Academy, can affirm and affirm, based on their experience in the Cosmos, that they have traveled for millions of years, from Earth to the last galaxy and from the remotest Galatia back home, that not having encountered a Being of the Nature of the God of the Catholics this type of Life does not exist.

And yet, the scientists of the Academy of the Baratillo of the Nobel Medals can and do affirm that, according to their probabilistic mathematics, in the handful of the millions of stars in our Heavens, there must exist about 70,000 worlds as brilliantly intelligent as ours.

Tests?

The wise do not have to give the asses proofs. But they have every right and duty to ask us for proof even of our life, because they "think, therefore they exist", so that to believe that there are so many of us who do not think but live, is to doubt our existence, to deny it and to wipe one's hands in Pilate's bidet when his inventions of massive destruction of worlds, planets, stars and galaxies, fall on us.

A wise man once said that genius goes with madness, that genius and madman are two sides of the same coin, from which they have pulled that to prove that one is a genius you have to make the madman dance. And by my god, geniuses are in sight the madness of the Global Geocidal Suicide that they sponsor by putting Cain in his hands that Nuclear Jaw with which after breaking the head of the Abel of Ukraine the Attila of the North will continue his triumphal walk from Moscow to Madrid, where a hitman awaits his Master and Lord to give him the Crown of the Catholic Monarchs. at present in the hands of a worthy offspring of the Bourbons under whose reigns Spain had the Ruin and the Civil War as a blessing. Again and again.

Does God not exist because the Cosmos is Eternal? Luther was more refined, and since he did not see God anywhere, not even how many kicks He gave at His

Door, the poor wretch concluded that God is a coward, and that is why he hid from His presence, hence his "Hidden God", who if he had opened his eyes better would have seen that the one who hid himself so that he could not see His Face was called Satan.

What happened to Luther was to the Patriarch of Byzantium. When the Pride of the Bishop of Constantinople grew up among icons of gold covered with diamonds, the man wanted to see God face to face, and meeting his Son at the Gate, he proudly said to Him: "Get away from the Gate, I am the Pope of Byzantium, I do not need you at all, I want to speak face to face with God." From this it is seen that the madman is not the sole prerogative of genius, he also accompanies the saint in his cathedral.

God needs Matter, and Matter needs God. Because the Cosmos and God exist from Eternity. And curiously, the Cosmos does not think, but it exists. Hence it is understood that Existence without Life is not complete; resulting from this simple logical equation that Life and Existence complement each other, and become perfect in Creation. Unless now the children of Doubt want to deny what they once signed and now write that "I exist not because I think, but because I live", superimposing on the aphorism of a madman the aphorism of an even madder one, because of the difference the greatness of the genius of the latter must be established over that of the former.

The Existence of Matter in Infinite Space and Eternal Time, and the Life of God the Father of Jesus Christ make the Cosmos a Wonder in which Life and Existence are transformed into Creation. Life was always in God; the Existence of the Cosmos without Life would never have made sense.

God and the Cosmos are an Indivisible Reality in the Dimension of Creation. God becomes the Creator and the Cosmos his Creation, the Field in which he plants the Seed of Life of the Worlds. When did this Dimension occur? is the Question.

We know that "God was formed", as He Himself tells us in His Book. We understand that God cannot be Created. Like Matter, Space, and Time, God is Uncreated, they exist from Eternity.

This Formation of the Divine Being cannot refer to an Evolution from Matter to Divinity, the absurdity of the absurdities that ancestral religions implanted, with fire and terror, in the peoples deprived of the intellectual development natural to the Scientific Logic in which the Roman Catholic West has been formed.

Before the Catholic there was Man. Thus, before the Creator, it was God, the Uncreated Being, the only Member of His Eternal Family. This Formation, about which God says in His Prophet: "I have been formed, and there will be no one after me", raises our Thought to the Path that the Uncreated Divine Being, YAHWEH GOD, FATHER OF JESUS CHRIST, traveled until he reached the Knowledge and Mastery of all the Sciences on which the Behavior of Matter is

governed in its relationship with Energy in Time and Space. Once this Dominion was perfect, God created His own Universe in the Cosmos, whose History is described in THE HEART OF MARY, THIRD PART: DIVINE HISTORY; BOOK ONE OF THE DIVINE HISTORY OF JESUS CHRIST.

To base the Denial of God's Existence on no one's having seen His Face is to deny the very Existence of Christianity. The early Christians saw God, talked to Him, breathed His Breath, slept beside Him. Or was there ever among us, or is there among those who believe themselves to be incarnate gods, any person who at his own Word the blind see, the deaf hear, the mute speak, the paralyzed rise, lepers heal, are able to turn water into wine, and even bring a dead man out of his grave?

The same insanity is followed with the Son of God that the madman who lives in genius pronounced about His Father: "We have seen nothing, ergo: we believe in nothing." Hallelujah!

They only believe in Destruction. What happens to the wise men of scientific Atheism is what St. Paul said about the men of his time: Everyone wanted to do Good but it was Evil that they ended up signing; Everyone wanted to be better than honey, but they ended up being pure poison. Give them the job of figuring out the antidote to cancer and they go and create a virus worse than cancer. They have as their ideology that man is a predatory beast whose final glory lies in the destruction of his fellow man; The death of millions and hundreds of peoples does not concern them, we are bloody beasts, our origin is cannibalism, why should they feel anything for the destruction of a billion bipedal rats, hyenas with the gift of speech, worms with sapiens brains whose existence is circumstantial? Let them live and all the others die, this is the Ideology of Anthropological Materialism of Scientific Atheism based in Stockholm and Center of Power at the UN.

Do they exist? Who are you? What do you want? On account of what Blessed Universal Work should we call them "wise"? Because of the invention of the Atomic Bomb? Because of the creation of the Covid 19 Virus? For the production of Anti-Man Chemical Gases? They were to lead the nations of the Modern Age to the paradise of Freedom, Prosperity, Equality. IBAN... certainly; On the way the madman asked permission, banished the genius, and the wise man became the golden slave of kings and emperors. May the best win; hurrah for the Century of World Wars.

God does not Live and they do exist? And when they cease to exist, will we continue to live, or will they drag us with them to their grave? They are the inventors of Anti-Human Biological Weapons; of the Anti-Personnel Bombs, of the Anti-Human Race Thermonuclear Bombs. What have they done for the Human Being? Have they discovered the Cure for all Diseases? Did they get up to take Cain's ass jaw instead of exchanging it for an Atomic Jaw? What have the sages of Scientific atheism done for our civilization but sink it under the feet of

the new genocidal powers, whom they serve as dogs in golden chains, worms that crawl in the shadows feeding on the blood of our hopes for Peace and Health?

They affirm that God does not Live because He does not exist; They live because they exist, and they exist because they think. But what they think we know: We are all the rats from whom their clean and happy world must be freed either through a World War, or through Controlled Global Pandemics.

The Slaves of the 2030 Agenda are stepping on each other's toes for occupying the highest positions in the Ark that the Satanic Intelligence of the Authors of that Cursed Agenda have designed for the slave Governments.

I laugh, the King of Heaven has deployed all the Armies of his World, he has decreed the Hunt and Capture of Satan and his servants, he gathers all his own from Earth to fight the Final Battle against the Last Enemy of his Creation: Death.

The heads of all the wise will fall, all the universities in which the Death of Man created in the Image and Likeness of the children of God of the House of Jesus Christ was cultivated will collapse.

To this day the King's House has resisted the Siege of its enemies; Today the door of his house is opened to let out the children of God in whom the Word lives: "Your children will seize the doors of their enemies."

17/12/24

God, our Creator, has given us Intelligence in His image and likeness to understand His Mind. This Intelligence is not acquired in universities or schools; we must approach God and receive from Him the Spirit of Intelligence whose faculty enables us to comprehend the Mind of the Lord God Creator of all that exists.

Let's speak it all out and be true. No one approaches God or receives anything from God except in and through his Son JESUS CHRIST. Religion is the Consciousness of Creation, by which we know and keep us on the plane of Cosmological Reality. We are the Creation of an Almighty and Omniscient Being whose Mastery of the Science of the Creation of universes is infinite. We are just this. And this is Truth, it is the fact.

At the same time, the Birth and Existence of the Catholic Church as the Bride of the Lord and King of God's Creation opens our Consciousness to a Relationship of the Creator with His Creation in the dimension of the Fatherhood of the Creator to His Creatures, and on the part of the Creature the Filiation with our Creator. Being SHE, Spouse of the LORD JESUS, Incarnation of the Religious Dimension of Creation, by which we rise in Adoration of Our Creator, GOD, the

Living Body in which the Holy Spirit of the Creator of his Lord manifests Himself to all His children, we declare ourselves children of God by the Work and Grace of the One who said: Let us make Man in our image and in our likeness.

Through Consciousness we discover God in our Creator, through Religious Consciousness God is revealed to us as Our Father, through Intelligence we understand that flying this dimension and believing oneself to be equal to God is insanity, madness and homicide. To believe that by being a Christian by parents one has direct access to the Almighty Lord of Creation, was the mistake that dragged the Byzantine Church to its destruction, and the Russian Orthodox Church, today, to declare the son of Satan its adopted son.

No one, neither in Heaven nor on Earth, receives anything from God the Father except through the Son. There is no one in Heaven or on Earth who appears before God the Father with the Freedom of the Son of God, HE: JESUCRUISTO.

To believe that the spirit of God comes to Man without the Son, according to the Byzantine Orthodox heritage embraced by the Russian Orthodox Church, is to deny the Universal High Priesthood of Christ. Only the Divine High Priest has the Freedom and Glory to enter and stand in the Presence of the Most Holy.

No one receives anything from God except in his Son, and through his Son. I tell you this so that in asking for the understanding due to him who is the creation and son of God, you will not fall into the Error of Byzantine Pride that against the Doctrine of the Gospel the Orthodox bishops dared to remove the Son of God from their sight; in their evil pride they believed themselves superior to the Only-Begotten of the Eternal Lord of the Cosmos. They didn't need Christ. Once Faith in them, Christ was a hindrance to them.

The Word of the Son is the Word of God: "Ask and it will be given to you".

But do not be so foolish and proud as to believe that you can turn to God the Father by taking your eyes away from his Beloved Son. It is in HIM that we are born to God. It is in HIM that you have the Door open to "Intelligence in His image and likeness."

"I AM the DOOR!" Any word that seeks to circumvent this Truth comes from Death.

That said, we must enter. And to say that the Creation of a Civilization is a Project. You must have the main lines of this Project firmly established before getting your hands on it. There is no intelligence on Earth that is willing to erect a Building without first putting the plan on the table. Whoever puts on the table a nuclear bomb of geocidal and genocidal destruction, with which to impose his

model of civilization, does not offer a Civilization, he offers a World Prison. So the first thing we must think about is answering this question: What is Civilization?

Let us remember that civilized man was always contrasted with the barbarian man, the savage man. Why? The reason is obvious. The Civilized Man is that Individual who is governed by social laws based on a Universal Law that includes in its Benefits and Obligations all the individuals of Society. The history of our civilization teaches us that this Universal Law has always been at war with the interests of groups, families and clans, dynastic or spontaneous, which never ceased to corrupt the Nature of this Universal Law.

The anti-civilizing pressure of such groups dragged the peoples into bloody revolutions as the only way out to free themselves from their oppressive and tyrannical majesties. Which means that Christian Civilization is the only one that can arrogate this Property to itself.

Christian Civilization has been subject to pressures from within and without, walls against which earthquakes of war crashed, and the floods of blood unleashed against the House Founded by Jesus Christ "God with us" between our fathers; lethal offensives defeated at the cost of bloody internal revolutions and foreign defense wars. Not that they have ceased to try to tear down the walls of our Civilization, founded by God, Father and Son, and sustained by the Soul of the Church even against the internal corruption of its bishops.

Civilization is the Articulation of a set of peoples united in the same Spirit of Justice. Each and every one of the peoples that form it unites to maintain the Right of the Individual in the bosom of the Society created by the Families to which the Individuals give birth.

The Right to Life, Peace and Salvation, Liberty and Equality before the Law is included in Natural Universal Law, which becomes the source of World Civil Law. And not vice versa.

When Civil Law annuls Natural Law, this is a visible symptom that we are in the vicinity of a Revolution, in our days a Universal Revolution, against those who have precisely committed the Crime of subjecting Civilization to Civil Law, that is, to the anti-civilizing interests of individuals, conspired in political parties at present, who crush the public interest under the boots of the private interest they defend. by which they intend to sustain themselves by financing access to Power: to make Power the Jawbone of an ass with which to crush the skull of the Legitimate Opposition that consecrates Democracy.

This is talking about us. Because, as I have already said, there is no Civilization outside the Borders of Christian nations.

The Principle of Civilization is the Peace and Health of all the Citizens who compose it. Only Christian Civilization responds to this Principle, Hinduism, Islam, Communism, Socialism of the XXI Century; all these models of society respond to the Fratricidal War as an Engine of Imposition of a Model of tyranny conceived for ancient societies, which remained alive until the Modern Age.

The Final Battle of all these social models of Tyranny against Christian Civilization is the declaration of war that on February 24, 2022 called on all members of the UN Alliance of Civilizations to unite and destroy the foundations of Law as the Origin and Engine of Civilization. According to this Alliance of Civilizations sponsored by the UN, the engine of Civilization must be the Fear of Power, the Terror of Nuclear Destruction.

Regardless of seeing, how all the attempts against the HOUSE Founded by the Son of God and his Father crashed against its Walls, a historical truth that should open your eyes to the chronicle of the failure of your War against Universal Christian Civilization, we, because the Victory, over the Fear and Terror that the UN sponsors, It is of the KING Our Father, we must enter into the Principle of the regeneration of the Human Race in the dimension of the Fullness of the nations on whose grounds the generations of the coming centuries will run free and healthy.

To reach that destination we must fight in Life against Death.

Why has the Justice Corps of Nations not united to banish from Humanity the constant and malignant growth of International Criminal Organizations whose enterprises are Drug Trafficking, the Purchase and Sale of Persons, in all its kinds: children to extract their organs and blood, women for the graphic porn industry and the slavery of prostitution?

Why do not the bodies of justice of our nations unite into a One International Body armed with Law and Right for the Deliverance of our World from such dragons and serpents as their origins in Satan and Death?

Incorrectly speaking: because the European and American Socialist Governments have taken it as a policy to bring the Bodies of Justice of their nations to their knees, putting the Bodies of the State at the service of the Crime of Hunger and Thirst for Wealth of Power.

The Socialist equation is simple: Power is bought with Riches, with Power one buys the Riches necessary "for the health of the People's Treasury!" with which to free oneself from those who lent them those Riches with which Power was bought. The rest is pure wonder product of a Social Engineering created to leave no traces of the Crimes committed by illegitimately created Governments.

In a Society established on a True Democracy, it is not Wealth that is the Origin of a Government but its Intelligence to solve the problems that the times put on the table. The very growth of sciences, technologies and the changes of Nature demand responses based not on group or personal interest but on the Intellectual Capacity of men to solve them and prepare the following generations to face the challenges of the Future with elegance and tranquility.

Any government illegitimately elected on the basis of alliances with Wealth does not solve problems but by its very illegitimate nature tends to create more, and deeper, by reason of the need to raise sandstorms in which to bury the traces of its crimes and offenses.

This Policy is not the Natural Politics of a Civilization.

What is natural to a Civilization is to combat the Civil Interest of the Individual, enemy of the Natural Law of Families, to raise for Peace an impregnable Fortress whose building rock is an Incorruptible Justice whose Mission is to Defend the Citizen against the Government and to establish the roads of union with the other nations in order to open a Battlefield for Universal Victory over all the International Organizations that take advantage of it. this corruption of governments to enter their territories and open the doors of all houses to Death, snatching some children, who condemn others to misery and ruin, "the damned law of survival!" of the 2030 Agenda.

A Government that has as its axis of its policy to enslave the State in order to defend itself from its crimes and offenses has neither intelligence nor will to contribute to Civilization anything other than to plunge it into Institutionalized Corruption as a Privilege of Power.

Are we on the verge of taking on this Final Battle against all International Criminal Organizations?

The answer is Yes.

Our Civilization possesses all the technological means and human resources necessary to open all the highways of communication in real time between the Bodies of Justice of the Nations, and to assume the Power to sign Arrest Warrants of universal validity to which the States will obey with all the Power of their Bodies.

Evidently the governments subjected to such organizations, participants in their movements, counting on all the mass media at their disposal, will say that this creation is an assault on National Independence, precisely the Independence of the nation that they have already sold to the highest bidder in the limitless

ambition of those who have no intelligence or wisdom to put at the service of the nation, he puts the beginning he has: his genius to corrupt everything he touches.

There is NO other Gate to Victory. The contemplation of the borderless and limitless growth of international criminal organizations is the result of the Final Battle that Death and its evil prince have declared to the Human Race.

The Third World War that the Alliance of Civilizations proclaims, from which the UN has distanced itself after having sponsored it, has no turning back.

The Enemy of Life and of Man is answered with a face to face, especially knowing that the Son of God signed a Covenant between his FATHER and Man for which his whole Being and his Kingdom will fight for Us.

That Day has come.

Who is afraid of the price of Hell when Our Ally is the KING OF HEAVEN, JESUS CHRIST, who "Come" and is at the head of all the armies of the LORD YAHWEH GOD?

Who hides his head in the sand before Death when the GOD OF UNCREATION AND LORD OF THE COSMOS is the Source of the Force of the One who "Comes" to do the Will of his FATHER and Banish Satan from the Earth?

Evidently, no one goes to war in the belief that they will be crushed at the first strike. Hitler believed that he would defeat Stalin. Pompey the Great thought he could crush Julius Caesar. Napoleon believed he could conquer the World, Suleiman the Magnificent conquered Europe.

The Old History of all time since the first of the kingdoms of the Earth fell, there in Mesopotamia, in the region they called Eden. Six thousand years by biting each other's necks, without mercy. Crazy to tie century after century. The Religion of War. Empires at War. Bloody revolutions...

Only a madman, an ignorant and criminal closes his eyes to the Universal History of Christian Civilization. Our Origin is God. Our Principle is in His Son.

How many earthquakes, armies, and peoples have Death and his Evil Prince hurled against the walls of our Civilization?

Our enemies do not learn, they do not have intelligence; some losers are succeeded by others, the parents and their heirs maintain the same conviction:

"Our parents couldn't, they say we can"

Did God abandon His Son? Have we been abandoned by one who was not Forsaken?

"They have been abandoned by their King God, they say to themselves, why if we do not have the Power? Let us put an end to Christian Law forever. There is NO other Law than that which Power dictates and imposes by Decree, Corruption and Money"

Poor ignorant people. They read, but they don't know how to read. They write and they don't know what they write. They had eyes and did not see, ears and did not hear. They walk joyfully to the cemetery following Luther's doctrine: Set fire to the world, if the world does not kneel before its truth.

Those who do not understand what Power is are like those who do not understand what Truth is; his Pride opens the door to ruin.

Therefore, seeing that Human Reason alone is suicidal, and having at our disposal the Intelligence in the image and likeness of the Son of God to create from our nations the International Bodies with the Universal Power that our Civilization needs, what are we waiting for?

What are you waiting for?

Ask the Son of God for the spirit of Intelligence, and He will give it to you. With Spirit comes the Force that the Will needs to stand firm on its Path to Victory.

YES, the Day has dawned in which all the enemies of our Civilization will disappear like fog at the arrival of the Sun. Shadows in the darkness of the night trust to keep us in the night of their darkness forever!

Those who do not convert to the Kingdom of the Son of God, the Kingdom of Justice, Peace and Freedom in Equality that is born of Fraternity in God, if they persist, in the darkness that they love, defend and call to war for, will sink into darkness, in the same way as did all the empires and kingdoms and nations that raised the banner of war to the death against the House that the Son of God built in us.

To further magnify the insanity of these governments of the 2030 AGENDA, the UN has raised an abominable genocidal flag, making Today's Children the armies of Tomorrow with which to force us to kneel before the lord and god of the UN: Satan.

God is not a traitor. He said it to all Christians: "Depart from the Roman Empire."

The Catholic Church of the West did so.

The Orthodox Church of Byzantium defied God by defining the Emperor's harlot; "for love of her God would stop his Decree" he said to himself.

Did God stop His Justice against those who massacred His saints for four centuries?

The Whore of Byzantium went to take refuge in Moscow, the Third Rome, where she gave birth to that son of Satan, her lord, who threatens God with the destruction of his Creation if we do not all kneel before his thermonuclear glory.

Does the UN and its Russian Master intend for God to bow his knees to Satan?

"VADE RETRO," said his Son.

"Let no place be found for Satan on earth," said the KING, my Father.

And you, the UN, will fall into the abyss of shame that you lost when you gave yourself over to the doctrine of the son of Satan, your true lord and god.

Listen well: Cursed will be the nation that does not rise to stand between Cain and Abel, it will disappear from the face of the Future Map of the History of the Human Race.

"As in Heaven as on Earth."

What is Justice? An enormous scandal, the intellectual formation of the generations in their adolescence enters into active social life without exact, perfect and firm knowledge of the Structure of the State. The Body of Political Government erects a wall before the eyes of the Citizens on the internal Structures that make up the State, so that only as a result of a confrontation between the citizen and the State does the citizen open his eyes to the true nature, even criminal, by passive or active participation in the unconstitutional dictatorship. of the Political Government in which he lives. Hence, the question is not trivial: What is Justice?

From the citizen's point of view, the answer is simple: Justice is a harlot that sells itself to the highest bidder. Simple! The ordinary citizen goes to jail for 600 euros, an example, and the politician makes 600 million disappear from the Public Treasury and remains a hero, steals by the work and grace of the Political

Party to which he belongs. And not only this, experience is wise, the thief by the work and grace of his political party, in the case of Europe, receives, as the facts sing, the prize of rising to the top of the European Parliament. From this it is understandable that those who actively participated, as ministers, in the ruin of their own people and nation, are welcomed by that elite who, directing their heads from the shadows, have as their mission the ruin of all the peoples and nations of Europe. On the loss of National Independence, this Fourth Reich, camouflaged in the creation of the United States of Europe, wants to close the edifice of the Brussels Structure.

So, what is Justice?

If the one who steals from the Public Treasury is invested with Immunity to commit his crimes, and he and that are extolled as heroes by a brainless mass, still stuck in the fanaticisms that preceded the Second World War; and the one who steals a pittance from the private pocket, compared to the astronomical amounts that, for example, during the Pandemic disappeared by the work and grace of the Political Body then in force, receiving the Magicians of the Masks: vice-presidencies, presidencies and high seats in the State, while the poor are thrown into a dark prison for a derisory amount, worthy of all ridicule by any of the Gangs of Thieves who knew how to rise up as a Political Body, the question has a Divine value: What is Justice?

And to God we must refer ourselves.

And we must refer to Him because the force of Life, the engine of Civilization, born to aspire to grow in the Dimension of a Future without borders, this Force that even aspires to Immortality, has its Root in the Creator of the Earth and the Heavens. It is this Creator of Universes and Worlds who has to answer the question.

Because we know its Spirit, its Personality, its Mind and its Power, and from experience we know that the Corruption of Power when it becomes Absolute makes Corruption absolute, a broth in which Civil War is cultivated, grows and explodes in the face of all the peoples who turned their backs on this infernal equation projecting the fire of its destruction on nations, kingdoms, empires and civilizations of all religious signs and ideological colors, the question touches directly our God, YAHWEH, and his Son the King, JESUS CHRIST.

Whoever intends to govern over a federation of free states must create a State that governs them all: give birth to a Central State in whose hands remain Justice, Scientific and Religious Training, Defense, Health and Property: of the Individual and of the People.

Without the Creation of this Central State, the mere Idea of giving the green light to a Civilization of civilizations united by the same Universal Crown, in whose Power and Glory this dimension of Being: Right to Scientific and Religious Formation, to Health, to Defense, and to Property, Justice is not exclusively a fallacy, it is something more, it is a chimera.

That Creator Being of the Cosmos who has been presented to us by his SON JESUS CHRIST, whose Name we know, YAHWEH GOD, the Being in whose Intelligence Wisdom formed this Idea of the Creation of a World open to Peoples of different stars, increasing in Time in Time, this Eternal Being whose knowledge of the Science of Good and Evil is perfect, better than any of us should understand that a World open to an indefinite series of Civilizations, each with its *own sui generis* particularity, if it were not founded on a Universal, Almighty and Incorruptible Justice, sooner or later this World would collapse and burst in the face of its Creator.

From his own experience, because YAHWEH GOD THE FATHER lived this type of collapse during the eternity of the Scientific and Religious Formation of his Intelligence, the horizon that Wisdom opened for him for the Foundation of this World began by placing in front of him, as the plate of his Universal Building, an Indestructible Rock against whose Structure the winds and earthquakes of time would crash without causing damage to the Walls raised on the Nature of said Rock. that, logically, being HE this Rock, having in His Nature His Being, is Divine.

This Civilization of civilizations governed by a Universal Crown is the Divine nucleus from which the Body of the State, in its various Institutions, must depend. Without annulling or absorbing the Freedom of each People of His Creation, each one subject to the Universal Law of the King, the Justice of each and every one of them drinks from this Law as the source of the Justice reigning in each People that composes His Kingdom.

So that independently of the *sui generis* Nature of each People, we are all united to the same Trunk of the Tree of Life by reason of the Universal Nature of the sap that feeds us all, Branches of this Tree of Life whose growth, like that of the Cosmos in which it is created, it expands and grows for eternity.

Without this Universal Law, from whose source all the Bodies of Justice of the Peoples of Creation drink the Water of Incorruptibility, and starting from the Knowledge of the Science of good and evil, we can say and believe with certainty that sooner or later the Collapse of this Kingdom would be Cosmological.

We already know, because in THE DIVINE HISTORY OF JESUS CHRIST it is written, that the Age of this World and its Kingdom is short in relation to the

Age of GOD, its Founder and Creator. We know that this World entered into Collapse due to the causes described by Christ Raul in Divine History.

From the Libyan written by God, THE BIBLE, we know that YAHWEH GOD, Founder and Creator of the Kingdom of his SON JESUS CHRIST, in order to fight against this Collapse and lay the foundations of the Impossibility of falling His Kingdom again in another World War, similar or superior, God made the Irreversible and Everlasting Decision to Center in the Hands of His Son all the Powers of the Peoples of His Kingdom. The Defense and Justice of all the Peoples of Creation resides in the Universal State on whose Rock stands the Throne of His Son.

Each and every one of the Bodies of Justice of the different Peoples are linked and drink from the Source of this Universal State. The Justice of the Constitutional Law has no borders, at its Voice Justice moves to declare outside the Law of the Constitution of the State the political bodies that, believing the Property of the land they step on, openly declare themselves against the KING, Our Father JESUS CHRIST.

Once the door of Creation to Death was opened, the Collapse of the World Created by God had its beginning. God tried to close that hellish door by taking the measures that preceded the Creation of Man. Who lived during his YOUTH, in order to understand us comfortably, the collapse of countless civilizations and worlds trapped under the wheels of Good and Evil, was faced with the Necessity, once the Collapse opened to its full magnitude on Earth, to make the Final Decision, and in order for this Unique and Unrepeatable Experience, to become part of the Mind and Intelligence of all His children, He let Death lead to the Collapse of our world, an image of what would happen to all His Peoples if they had agreed to legalize Corruption in the Body of His Kingdom, just as Satan and his brothers wanted to wrest from it by throwing the blood of the First King of the Earth in His Face.

The servants of the Evil One, Calvin, Luther, Zwingli, interpreted this Necessity as a Circus, a Theatre in which the difference between slaves and free was transformed into Protestants and Catholics, the Protestants the Upper Race, the Strong, and the Catholics the Inferior Race, the Weak.

The question is anti-satanic: Was the Cross of Christ a Theater, a Circus, a Mockery of God to Man?

By what you answer yourself, you will know if you are a Christian, born of Christ, or a satanic creature, born of the Devil. Ditto, from what your pastors and pseudo-priests answer you, you will know if they are of Christ or of the Evil One.

What is Justice then?

By Wisdom we have learned from the Book of God that Justice has Truth as its Root, and discovering truth is its Nature. Also that Justice has for life the fight against Corruption of political bodies with the Power of the State.

Knowing that Corruption is the mother of personalistic tyrannies and civil war as the only means of freeing oneself from such brainless and murderous ideologies, Justice in its Dimension of Constitutional Body must be endowed, here on Earth as it is in the Kingdom of God, with unlimited Power to declare outside the Constitution any Government that uses Power to commit the Crime of annulling the Constitutional Powers of the Creator State of the Nation, making the Public Treasury its Property, whose resources are used to empty the Founding Constitution of the nation of its Exclusive Vital Functions: Defense, Law, Health, Scientific and Religious Training, Property of the People and the Citizen. Once the State has been emptied of these vital functions, the Freedom enjoyed by all citizens by the Letter of the Constitution Founding the State and the Nation: becomes a Dead Letter.

Experience is the mother of science, they say.

But they conceal that Wisdom is the mother of all sciences.

We all know that the creation of a tyranny has its basis and its force in the malignant transformation of the state into the body of government.

In the world of the Tyrant, whether of theocratic or ideological origin, the State does not serve the People, but the Government. Once the institutions of the State become the Property of the Government, the Tyranny rises inviolable over the ruin and misery of all citizens, condemned to be banished or imprisoned.

A Body of Justice, in the Constitutional sphere, emptied of the Content of Defense of the Guarantees of the Constitution that is owed to the People, is a chimera.

A Constitutional Law cannot be called such if its Voice is not endowed with the Power to Declare Outside the Constitution a political body that tramples on all the Fundamental Rights of the Citizen. To rise up against this Illegality en route to Tyranny is the vital mission of the Constitution Court. It is their Power to decree the Order of Demolition and Capture of all the members of such a political body conspired to make Corruption their institutional horse towards ideological Tyranny. And in this Power the People and the Nation have their Peace and Health.

A Justice kneeling at the feet of Corruption as the Exclusive Privilege of the Body Politic is what we call a Harlot.

When we read in the Book of God about the Fall of the Great Harlot, that some want to direct towards the Catholic Church, Our MOTHER, they forget that this Great Harlot is a Universal Government that stands as Head of the State and puts all the powers of the State at the service of the interest of its wars and whitewashing of its crimes. Civilization for which Satan declared war on the Kingdom of God itself, which we saw in all its power in the Empire of Rome. The Roman Republic was a fallacy. An elite of closed clans imposed their Law on the known World by employing the State to extend their Tyranny. The interests of the different families in the struggle for Supreme Power threw the Republic of the worst into the mud of civil wars, on whose Fall the Empire rose, which once its Founder was gone opened the doors to the same dynamic, this time dressed the ancient elites in the clothes of modern aristocracies. A civilization and society in which the Law is based on the Power of a body that steps on the Founding Law and writes a New one on which to legalize its Crime against Humanity, the case of the socialist nations of the XXI Century, has two alternatives for the future: The Genocide of Freedom, engine of the banishment of its people, or the Civil War as a path to Freedom; this part that the Tyrant must fight in the way that the son of Solomon wanted to impose his law on the kingdom of Israel:

"Chávez's fist is smaller than Maduro's pinky."

Evidently there is a third way: that of the abolition of the satanic doctrine of the UN on the Crime of Intervention in the Cain versus Abel Strife, and the Proclamation of the Universality of Freedom and Peace of all as Everyone's Business.

If to believe satanic is to make all Nations the Branches of the same Tree of Life, in this case Satan rules the World from the Throne of the UN.

Marveling at Thy Patience, my King and my God, I rise, ever in the hope of seeing Thy Crown ruling the Earth. What is man? What is woman? You know us, you love us, blessed is your Patience! I look at the wise men with the face of Moses before the wise men. I can't believe it. They want to surpass your feat. You changed water into wine, they turn wine into poison.

How can I bend my knees, who will make me bow my legs asking for mercy for those who hate you! How sweet is the wine of your breath! How pleasant the echo of your Word is in my breast!

I remember the strength of your arms when you lifted me up and presented me to your Father! "Your son is my son," said the Almighty God of Eternity, Lord of Time, Space and Matter, Your adored Father YAHWEH, whose Name governs the Cosmos from Andromeda to the farthest Galaxy that navigates the borders of the Cosmos.

Your Father adores you with all the Force of God's Infinite Being, Creator of Light and Darkness! Whoever hates You, JESUS CHRIST, the Son of His womb, hates his own life. You are their Glory, their Victory, their Happiness, the Pulse of their Heart and the Beat of their Soul. Whoever touches You, JESUS CHRIST, His Adored Son, is condemned to Two Thousand Years of Hatred among the peoples and Banishment from YOUR Presence.

You are adored by YOUR Father, the Lord and God of Eternity, Creator of the Cosmos, and will I not adore you, I? small as I am, a jar in which your Breath lives, the fountain from which the tree of my life drinks, feeds and grows strong and joyful. Even if the whole world ceases to believe in my King and God, my full being will worship eternally.

Glorify yourself, O King and my God, in your son. Everything he has is yours, his life, his thought, his broken wings and his wounded heart are the medals in which I glorify. What words I will weave worthy of the life you have given me! You chose me from the bowels of my parents to raise my gaze to the heights where You have Your Dwelling, from Your Hand I descended into the abysses, Your Love is my Strength, yesterday, today and always. When I opened my eyes to Your Heart, my Being felt complete.

Neither the world nor the devil nor death, my Fear is to lose the Love of my King and my God.

The winds of Your Spirit will drag into the Abyss of Oblivion this infinite ocean of endless bullets and hatred without borders. Yours is the Glory of Your Father's Freedom. What will the Lord God of the Cosmos deny His Beloved Son! In Thee the God of gods and Father of thy Brethren hath His Glory and Perfect Joy. Whoever hates the Son of YAHWEH GOD, You, his Son JESUS, hate Life.

What shall I say? Save my parents, gather my brothers in your arms, gather us in Your Paradise. What are we in your eyes but little birds against whom Death hurled his murderous darts! Do not take into account the defects of your servants, they do not ask for much, an orange tree on whose branches to sit, to fly free through the sky of the Forest of the trees of Life that fill your World. Who needs

more, to see Your Face, to feel Your Heart, to adore God, Your Father, to glory in being Citizens of Your Kingdom!

How afraid to live Eternity in the light of your Justice!

What do you do who rise to declare war on the House of my God! How will you justify your crimes before the Universal, Incorruptible and All-Knowing Judge, You JESUS CHRIST, King and God!

Raise upon your Son the flood of your Wisdom, drown me in the waters of your Understanding, let my soul be the Mirror in which the light of your Divine Intelligence is reflected to my People, see the Truth, You are True God, jump for joy because God has given us a King who loves Life, Truth, Justice, Peace, and Fraternity to the point of becoming Brother and Father of creatures rescued from the fires of hell that Death unleashed against your Creation.

What do you think you are playing, nations of Earth? Who told you that War is a Game, that Democracy is a Circus, that Laws are the whip with which to flesh the backs of the people?

The End has come, now comes the Beginning. The People of the Earth will be reborn to the Peace and Health for which they were created and from which they were banished, locked up in the prison of diseases of body and mind during the Time by your preordained Father! Harsh condemnation, the sweetest freedom, that freedom that is adored all the more the more infernal was its loss.

God's Love for Your Creation has sustained the People of the Earth on their feet. Rule over the nations, lead them to the paradise of your Wisdom! Sustain them with the strength of your Heart, that they love the KING that GOD has given to all the Peoples of His Creation with the love of flowers to the sun, from the fields to the clouds, from the river to the mountains, love that never dies, be it that of your children. I bless God, YOUR Father, come upon the People of the Earth His Kingdom, bend all nations to the King, dry the tears of the humble, and weep the eyes of the proud tears of stone, hard as their hearts, black as their souls, their legs break before the Crown of God.

He is God, YOUR Father, a wonderful God, even though they have hated his Son with the force of Death, their eyes looked to the Future, that Day of Glory and Freedom that from their Son will spread its rays of Health and Peace over all the People of the Earth. Does the eagle remember the serpent that it throws from the heights? it crashes against the stones of the sharp cliffs, who will lament? The joy of its eaglets when they take flight is its glory. Long live this joy and long live your children and your children's children the freedom of the queen of the winds. My King and Father, Thy Wisdom is the eagle, we Thy eaglets.

Take flight, Citizens of the Kingdom of Jesus Christ, do not fear the winds of the Millennium that has been born, from the King of Heaven is the Victory. The idols will fall, the tyrant and the dictator will disappear, the army of fictitious theories with which Death sowed the field of science will be carried away by the rain of Divine Intelligence. There is no Religion other than the Worship of the King and Lord that God the Father has given to His Kingdom.

Did you dismiss him for having a Man's Face? Would you have worshipped him if he had appeared with the face of a demon? Do you despise the King because his Heart is the Bread of Life? Do you prefer that of a tyrant, a hard, black, loathsome stone, an abomination in the eyes of the Creator of the Cosmos?

Your enemies speak of freedom, they are magicians, they turn their words into chains of ruin and misery; they swear to serve the people while locking them up in the madhouse of their gender ideology. They divided the nations by resurrecting the ideology of the Strong and the Weak, lullaby with which they put the peoples to sleep to wake them up in the field of world wars.

They divide nations by erecting the wall of hatred between the genders between men and women. How many genera did God create? "History of the Human Race", I read.

What does he do who is dragged into the precipice: quicken his pace to meet his destruction, or stir and fight against the force that pushes him into the abyss?

The weight is so strong, the movement so advanced, just a few steps more and the Man you created will have disappeared from the Earth. The Serpent of the North and the Dragon of the East have united to dethrone the King of Heaven and succeed the Enemy of God on Earth: "Kneel, worship me, and I will give you all the kingdoms of the world."

What madness, the son kneels before the murderer of his parents, the sister kisses her sister's hands full of blood, terror washes its face and declares itself a democrat, the thief dresses in the clothes of his victims and swears to his children to defend them from their immeasurable passion for Power and Riches!

Haven't we learned our lesson? Six thousand years under the empire of the jawbone of Cain's ass. Do donkeys fly? Do castles float in the air? Is War a breeding ground for heroes? Is Paradise a brothel? Is the key to Heaven the bloody head of your neighbor? Satan be banished from the Earth and with him all his worshippers.

Children of God, open your arms, free your tongues, run your legs to meet the King of Heaven and Earth. His is the Universe, His is the Human Race, His is the Power that comes to govern the fullness of the nations of the Earth. Do not

resist, lay down your arms, sign Peace, rather cut off your legs than bend your knees before the Enemy of the Holy Spirit of our KING: Not for all the gold in the world!

How you will buy the key that unlocks the Gate of Eternity! God has given us free: "Our Father in Heaven, hallowed be your Name: JESUS CHRIST". Amen.

"My Kingdom is not of this World."

Words that by the force of the ignorance of the centuries come to us like a letter with a seal exclusively to be opened by its addressee: Us.

Although it seems like a banal speech more typical of a senator sitting on his throne of corruption, the Truth, no matter how much scientific atheism wants to sustain it, like that Luther even though the world burns in the fires of hell; the Truth has only one face.

It is only a few decades since the window of heaven has been opened to us. The idea of life outside our World is all the more recent as it has passed from the Metamorphosis of the Olympus of the gods to the mathematics of probabilities according to which we are surrounded by thousands of Worlds, with which curiously there has never been, nor is there any probability of being, a viable relationship.

The question from those of us who see, even if only from the window of today's telescopes, our Universe and our Universe's place in the Cosmos, is: what part of the Word of the Son of God do we not understand? : "MY Kingdom is not of this World = I am not of this World".

The point is whether we want to remain buried in the ignorance of the Past or rise from the grave in which Scientific atheism buried our fathers: or would the heirs of the parents of Stalin and Hitler prefer to set fire to the Earth than to recognize ourselves as God's Creation?

From Geocentrism they jumped to Galacto-Dairy-Centrism. So having banished the Truth from their minds, they interpret the Universal and Cosmological Reality from the platform of those who seek to defend the prototype of the Cosmos without God without caring about the malignancy of the effects of that lie that is the Cosmology of the twentieth century, an intellectual force

deployed by Satan to disarm the defenses of Wisdom among the nations and drag them to the World Wars of the twentieth; an effect that while the Cause remains has already been set in motion in the direction of a New World War.

While in the sphere of Science Fiction to which they have given themselves, they speak of thousands of habitable Worlds around us, they deny the Presence of those Worlds in ours during the Prehistory of our Civilization. And not because they do not believe it possible, but because the fact that it was God who set this Interrelation in motion, based on the Negation of His Existence, the affirmation of His Existence is to their ears the New Heresy.

But as the Divine Doctrine is the Law of Life in the Cosmos, knowing that not by words but by the works of each one we must believe or not believe in those who on the outside are beautiful as gold and diamond and on the inside are rotten to the core of their minds, before the works of Scientific atheism, putative father of the political division between the nations of Europe, engine of the World Wars, the mere idea of listening to the fathers of that Genocidal and Geocidal Ideology is the free intelligence of a child of God, whose ceiling of growth is the Wisdom of the Creator of the Cosmos and of the Tree of Life in HIS Universe, a satanic abomination.

Yesterday, the Word of the Son of the said Almighty and Omniscient Creator: "MY Kingdom is not of this World" sounded crazy to them. Today, it is folly not to read this Word from its True Divine dimension.

Divine, because if it had emerged from the mouth of a fellow human being, the son of a male and a female, we would be talking about an intelligence that rose above the ignorance of its century and knew how to open its thought to a universe in which believing that we are alone, the only world in the entire cosmos, is simply pathetic.

Divine, because "he who inspired his Breath in our faces", by this Breath we become "animated beings of intelligence in his image and likeness", by his Works he revealed to us his Divine Nature.

Inspired by His Divine Breath, His Word: "Let us make Man in our image and likeness" and reading: "Jesus, son of David, son of Abraham son of Adam, son of God", we understand that the Son of God was speaking to his brothers, sons of God, the gods of the first mythologies, deployed by God in the Five Continents to accelerate the Formation Process of human beings from the natural condition to the dimension supernatural of all the children of God.

For this Cause we find Satan on Earth, he appears to us in Eden, and he undertakes the Betrayal against the Wisdom of God, origin of the Fall of that son of God on whose head rested the crown "that came down from Heaven".

Adam, Son of God, in the image and likeness of the sons of God, by the King of kings and Lord of lords called to participate in the Creation of the Kingdom of God on Earth, was the first King of our World, and the Last as His Kingdom was called to extend its borders to encompass the Five Continents.

When the collapse of Adam's kingdom took place, the Project of a Civilization produced by the fusion in our World of the Civilizations proper to the children of God disappeared.

Why did God want to project the civilizations of the kingdoms of His children onto the Mind of our World, whose traces are manifest to this day? That is the question.

Why did God raise up the Law against the Science of good and evil, the fruit of which is War, decreeing the Death Penalty against him who makes his mouth a fountain of Lies? It is the unanswered mother question which makes it impossible to open the Divine Seal on the Cause of the fall from Paradise to Hell, from the dream of a World Civilization established on the Law of Peace, to the nightmare of War for the lost Universal Kingdom.

The Answer already written in The Divine History of Jesus Christ does not deprive me of importing it here, nor does it oblige me to deprive those who read these lines of opening and understanding in all its extension the answer due to the Need that God the Father had to open before all his children, "not of our creation = not of our World", a Law by which each one decides his Future for Eternity.

The Cosmos belongs to its Creator, whoever does not want to live in the Light of His Law can choose Banishment to the Darkness that covers the Abyss, where thrown "there will be chattering of teeth".

Precisely because the Law is the Word of God "and the Word is God", the very idea of transgressing the Law presented itself to God, as Father and Creator, a real madness, an abyss into which he believed that his children would not fall.

The Law is Eternal. Yesterday as Today and Tomorrow every man must decide whether to bend his knees before the King of Heaven or to rise up against the Holy Spirit of the Law.

Knowing that we come from Ignorance, all of us of the King's House have it our Duty to liberate all men by the Truth.

There is no going back. Satan's betrayal was aimed at making God turn back and, because of Love for his children, abolish the Law.

If God had granted such amnesty, he would have opened wide the Door of his Creation to Death. For the abomination which God feels for War and the Corruption that engenders it is as natural to His Being as is His Omnipotence; sooner or later his spirit would rise to destroy all life.

God knows Himself. "I am who I am" is a Declaration of Perfect Knowledge of your Consciousness.

In truth, only God can destroy what God creates. This is the Weapon that the Serpent used against Adam's world, drowned by God in the Tsunamis that opened the Mediterranean to the Atlantic; weapon again used by the Devil against Christian Europe. By dividing the Kingdom of Christ, by dragging the peoples against the Law: "Every kingdom divided in itself will be destroyed," the Evil One wanted to achieve with the division of the churches what he achieved in the days of the Flood, he launches the spirit of the Law against all the churches.

The Subsistence of the Wife of the Lord was armored: "The gates of hell shall not prevail against thy Gate," her Lord being "the Gate," even though the fruit of division dragged the Christian nations into religious wars and its apogee, that of the Thirty Years, the Tares of Hatred among the European nations remained alive, about whose wars everything is written in the books of the History of men and their empires.

The failure did not prevent him, who was created in another World, from continuing to throw the peoples against the Holy Spirit of the Law, reaching the present point of wanting to make men and their sons and daughters abominable through the replay of Sodom and Gomorrah that Gender Ideology has implanted from the UN in civilizations with origin in Christ.

Once the spirit of Christ is banished from Man, the relationship between the Creator and His Creation is broken, who has the Power to destroy what God created would proceed to destroy what would be abominable to His Being, a Human Race installed in the Irreversible Negation of God, Creator of the Cosmos.

13/12/24

We must all understand that to deny the existence of the Universe as the Creation of an Omniscient and Almighty Being, whose Name has been made known to us, YAHWEH GOD, FATHER OF JESUS CHRIST, once the Perfection of the Mathematics of the System of the Heavens, the Solar System and the Earth has been discovered, each of them directly interconnected within a Cosmic

Astrophysical Engineering Mechanics, that does not give rise to the typical improvisations of twentieth-century science fiction, although it sounds harsh to proclaim it, is Satanism.

As the Denial of the Divinity of JESUS CHRIST, in the face of the Victory of His Foundation over all the Cataclysms that History has recorded against His House, the Roman Catholic Apostolic Church, whose Fall are still waiting for the enemies of Christianity to occur, as this Denial of the Divinity of Christ in JESUS is Anti-Christianity, the Denial of the Existence of the Creator is Satanism. And it is because this scientific atheism has been one of the most powerful horses on which the Enemy of God and Man had to ride, and did, dragging the nations into the World Wars.

The growth of Intelligence in movement towards Wisdom obstructed by atheism paralyzed and diverted this growth, whose horizon is the Life Sciences, towards the Sciences of Death. This movement had its origin in that Satan who first overthrew the kingdom of Eden, who then pulled the strings to sign the Condemnation to the Cross of the Son of Man, later sowed the Tares of the Division of the Churches, Calvinist Protestantism dragging the nations of Europe into the Thirty Years' War, and finally he sowed Philosophical Doubt in the field of sciences in order to resurrect from the grave the inhuman theory of the Strong and the Weak, fratricidal actualization of the ancient ideology of the Slaves and the Free, which, giving freedom to scientific atheism, would divide the nations of the world in the Hatred of Social Classes to lead them all to the field of the World Wars of the twentieth century.

I mean, the Interpretation of the Events of Universal History cannot be understood in its nature but by including, as it were, God in the equation. World History does not open your intelligence to a truly Universal picture because to remove GOD from its chronicles is to deny GOD by directing the History of Life on Earth towards the dimension of His Existence.

It is understood that by denying GOD, Satan hid himself to become that "hidden God" of Luther, Calvin and Henry VIII, with whom the Antichrist sat on the throne of England, put on skirts and disappeared from the sight of the "divines of Westminster". From God at the Origin of the Events it is seen that the elevation of the Kingdom of Spain to the Empire and the Discovery of America had as its reason the Necessity of raising between Christian Europe and Muslim Asia an invincible army: financed by the Gold of the Americas. The historical Synchronization was perfect, as nothing else could be expected from the Creator of this Wonder that we call the Heavens and the Earth.

It is a real pity that all peoples have been slaved to the Economy of the Civil World War that we have been suffering for six thousand years, and generations

have been denied the freedom to admire the Greatness, Beauty and infinite Perfection of the Universe that has given us its body to beget in us a child of God.

Satanism is the Denial of GOD THE FATHER OF JESUS CHRIST.

Anti-Christianity is the Denial of the Divinity of HIS ONLY BEGOTTEN SON JESUS, Our Father who is in Heaven, in whom CHRIST lives, from whose Spirit a son of God is born in us. Having said this, we must travel to the Day of the Fall in order to solve from the Intelligence of our Divine Master the Mystery that the Servants of Satan: Luther, Calvin and Zwingli, responded by accusing GOD the FATHER of being the True Intellectual Author of the Fall of Adam and the Betrayal of Satan.

Now it is impossible to understand the true nature of the event which from Paradise threw the nations of Earth into the Hell of the World Civil Fratricidal War without entering into the Mind of the Creator of Life in the Cosmos. Let's start by saying that we are "dust." But it was never in the Will of our Creator to make us return to the "dust". Quite the opposite. The Creation of Life in His image and likeness implies the Victory of GOD over Death, to whose Law the Uncreated Cosmos was subject from the beginningless Beginning of Eternity.

Matter, Space, Time, and Energy exist from Eternity.

Creation from Nothing is a recognition of man's ignorance to understand the Power and Wisdom of the GOD of UNCREATION. It was in this DIVINE BEING that the Desire to raise Life, subject to Death, to Immortality, was born. An Impossible Dream on which the LORD GOD of ETERNITY AND INFINITY imposed His Victory regardless of time.

The victory was his. And yet Immortality does not imply Indestructibility; A new goal towards which the ONLY TRUE GOD who knew that Cosmos of beginningless Beginning, existing from Eternity, covering the Infinite with his body, directed with his Almighty Will of Conquest.

What happened happened, as I have narrated in THE DIVINE HISTORY OF JESUS CHRIST, and the Victory was made. GOD clothed Life in the Cosmos with the Mantle of Natural Indestructibility to His Being. This was the Goal of Life on Earth when there was the betrayal of a part of God's children against the Holy Spirit of the Creator. Man and Woman were deceived because they were lied to by claiming that the Immortality with which they had already been invested implied Indestructibility. False!

And the question enters. Being God Omniscient, Prescient and Omnipresent, how can we understand that, using Satan as a vehicle of transmission, the Lie was not inspired by Him!

For if God is Omnipresent, Omniscient and Prescient, not attributing to Him the Intellectual Authorship of the fall is not sustained from "Human Reason alone".

And it's true. If JESUS CHRIST is removed from the doctrinal source of our Thought: to deny Him the Intellectual Authorship that Protestantism attributed to God becomes impossible.

Because JESUS CHRIST is Father, Father and Master, to turn our backs on Him, doing the opposite of what the fathers of the philosophical sciences lived, to see how Wisdom turned its back on them, is to Deny that HE LIVES. A denial to which those into whose souls the Devil entered, in the manner in which he did in Judas, in this case making the Bride of the Lord Jesus, Our Mother the Catholic Church, the Enemy to be destroyed.

Thus, History must be seen from the Thought of the One who bowed His knees before the whole of Creation, proclaiming with the Voice of His Blood, from the Cross: The Innocence of his ETERNAL FATHER, YAHWEH GOD, at the origin of the Fall.

Not only was the Ignorance of Man redeemed in the Blood of the Lamb of God, the SON gave Testimony of the Innocence of the FATHER with the most Indisputable Discourse that Creation can understand: The Blood.

Pride was the Virus that led a child of God, not of our World, to believe that he could challenge his Creator to a Duel to the death: Either you change the Law on the Science of Good and Evil, or I declare War on the corpse of your son Adam.

Pride is the virus that pits races, peoples, and men against each other. But when this Pride raises its eyes against the CREATOR BEING OF THE COSMOS making its Love for its Creation its Achilles' heel, Pride ceases to be a reason to transform into madness.

A child of God must never forget that we are "dust." In this Humility Adoration becomes Glory, without closing our eyes to the Truth.

And the Truth is that the Freedom of the LORD of the Galaxies cannot be chained to the Life created by HIM, us, to live the Freedom "according to the glory of the children of God" in the bosom of the dimension of our Nature.

GOD the FATHER is the Lord of Infinity and Eternity. From the Matter of an Uncreated Cosmos HE has Created a Cosmos in which His Victory, Life in His Image and Likeness, is His Crown. But He is GOD, the Cosmos in its Fullness is His universe; He needs to breathe the winds of the Cosmos, to sail the cosmic ocean, to extend its shores to Infinity.

The Creation of Life in His Image and likeness is His Crown, but His Throne extends its Frontiers through the Forest of the Galaxies.

We understand this Nature of the Creator from Love.

Madness is believing ourselves capable of launching ourselves alone to travel the galaxies, believing ourselves to be lords of the stars and directing our intelligence towards the Creation of star systems.

The Argument of the Freedom of the Creator and the Discourse of the Creation of Life in His Image and Likeness, life invested with Indestructibility, raises our Gaze to the Creator as Our Father, but never as Equal in Being. God is Uncreated. It has to be repeated a thousand times.

The Condemnation against Satan, Exile from the Cosmos, comes and proceeds because of this Indestructibility that God communicates to Life. Man not having been invested with Indestructibility, although enjoying Immortality, once Death entered our world, naked in the face of the Destruction that Death extends over all life not Invested with the Divine Supernature, the War to the death between brothers having been declared, the Condemnation against Man could not be Exile.

The Human Being was deceived by someone who did enjoy the Natural Indestructibility to God, who made him believe that this Indestructibility, as a son of God, was already his. Having been declared king of the earth and seeing that the other families of the world lived in different stages of civilization and culture, the necessity of subduing them even against their will was legitimate in him who had been proclaimed king by Divine Right, from whom it was expected that, when God returned, his Kingdom would comprise all the lands of the different continents. with its archipelagos and islands.

But here what is at stake is where God was. A question that cannot be answered without understanding the Freedom of the Creator, who as Father creates life, and the way in his spirit of intelligence to develop in his Being the Freedom of who exists and is.

All of God's children have a life of our own. We are not created to be eternally hanging on the arm of our Creator. God, Our Father, has His own Life. He lifts us up to His Being so that every time we live our lives. It gives us a Civilization, a life in a World created to be ITS Home, whose Nature is not subject to the laws of Matter, Space and Cosmological Time. A World at the Heart of the Cosmos sustained by His Being. That World from which His Son came and to which He returned. A world in which the People of the Earth have their Eternal Abode among the Peoples already existing and those who will join in Eternity.

The Process of Creation of Man's Life can be understood by entering into ourselves as children and parents. Our parents raise us to be free men, with a life of their own, and we procreate to form our children and raise them as men with their own life in our image and likeness, always having the Son of God as our Divine Model.

Once Man was created and formed, it was natural and logical that God would return to His World to create for us the Abode that the People of the Earth will inhabit for Eternity. That Man had to live his own life, enjoy his existence, develop his Intelligence from the principles of Wisdom in which he had been formed.

Man was not created to enjoy the existence of an intellectually handicapped person who needs his parents 24 hours a day, 365 days a year, and special care that chains his parents' freedom to their lives.

The Seventh Day was the Freedom Day of the Young Man who needs to live his life. The work of parents, even if it never ceases to be so, ends when children open their wings and have the whole world to live, enjoy, grow, participate in the world of all, live in the paradise of all, being oneself a paradise for all. Joy, strength, friendship, love, creativity, intelligence, science, art, mens sana in corpore sano.

God could rest.

In human years, billions of years had passed from the time he said "Let there be Light" until he named the first son that Wisdom gave him on Earth, his son Adam.

The immediate question would be: What was Satan doing there?

Which we will resolve immediately. But each day his eagerness is enough.

12/12 /24

"The Father shows the Son all that He does."

We know that God opened His Creative Act to His sons in response to the wars that ravaged HIS World, that world about which the Son said, "If my kingdom were of this world, my armies would have come to rescue me."

In the Divine History of Jesus Christ we read that out of Love God closed the episodes of those wars, on the one hand: opening His Creation to His sons, an opening that has been opened to us: "And He will show you Works (Creations) greater than this (our Universe) so that you will be amazed", and on the other hand: attacking the Doubt about the Divine Veracity of His Firstborn insofar as they are Living Witnesses of the Nature of His Word: "Let there be Light", "Let there be a Firmament", (Genesis, Creation of the Universe)...

The Living Discourse was not enough, as we see in the Betrayal of those who, having been forgiven and absolved of their Crimes, hid in their breasts the Poison of Envy against the Glory of the Firstborn of God and conceived a Full War against the Holy Spirit of the Creator.

The Fall of Adam in the ranks of the Judas of Heaven and of our World in the hellfire of the Perpetual World Civil War was answered by God, Father and Son, declaring the Abolition of all the crowns of the sons of God, which they were to lay at the feet of the Throne of His Son. This Revolution, the Abolition of the Empire, was consummated, "My God, into thy hands I commend my Spirit," when the King of kings and Lord of lords himself placed his crown in the hands of his Father.

This was the Answer for eternity with which the Creator of the Cosmos has forever closed the Door of Creation to Death.

We read in His Book that the sons of God who refused to lay their crowns at the feet of the Firstborn were expelled from His World and chained for a Thousand Years according to the years of men. Immediately we see the entire House of YAHWEH GOD acclaiming the Universal Eternal King; so that if the Envy of the King's Crown was the origin of the Betrayal of the sons of God, led by Satan, this Cosmological Revolution by which the Creator proclaimed his Son as Lord of his Creation lit the fire of Hell that when the Devil was Released, Year One Thousand of our Era, it spread its abominable flames over all nations until it led them to world wars, and currently desperately seeks to lead us all to Absolute Nuclear Destruction.

The Victory of the King of Heaven and Lord of the Earth is a Chronicle Foretold: "the Jerusalem that comes down from Heaven", the Kingdom of God that Reconquers what belongs to it, the Human Race, and establishes over the Fullness of the nations the Law of its Crown, the Law of World Peace and Universal Health.

We must look to the Day after the Victory of the Divine King, to the Inheritance that we will leave to the generations that will succeed us on Earth.

"You shall build according to the pattern shown to you in Heaven." For all the crowns of his empire having been abolished, the obedience of all the armies of the peoples of the kingdom of God is subject to the King, and exclusively to the King; Our Father JESUS CHRIST.

The Obedience of all the General Staffs of Defense of Nations is due exclusively to the DIVINE KING.

We know, because we understand it, that the subjection of the armies of the different Peoples of Creation to the Local Political Power, in the hands of the different sons of God, was the direct cause of the Wars of the Empire of God.

God has closed this Door proclaiming the Obedience of all the armies and Powers of His Kingdom to His Son, JESUS CHRIST: EVERLASTING UNIVERSAL KING. This Revolution tells us that the Horizon to which we must walk is to the Creation of World Unity, in the King's Crown, of all the armies of the Plenitude of the nations of the Human Race, the effect of which Creation will be the Irrevocable Separation between Political Power and the Body of the State built for the Defense of Peace: Civil and International. Obedience of all the armies of the Fullness of the nations of the Human Race that will be due and will be subject for Eternity to the Crown of the Son of God.

The Council of the Fullness of Nations, governed by the Spirit of the King, will be the Voice that rises to raise between Cain and Abel the omnipotence and all power due to the Obedience to the Law of the King of Peace: JESUS CHRIST.

God will lead us in the coming years in the Edification of this Corps of Universal Defense of Life that the Fullness of the nations of the Human Race will put at the service of the DIVINE KING for the Defense of Peace during the Ages of Eternity; organization of the Fullness of the nations of the Human Race that we will bequeath to the generations of the next centuries so that in their Incorruptibility all the families of the Earth may find the guarantee of their Life in the Happiness that comes from an Unbreakable Health.

We know positively that the subjection of the State of the Defense Corps to a Temporary Government is the direct cause by which the Political Power dares to declare itself in Dictatorship and exercise the Tyranny of a Corruption, which once unleashed in an irreversible state, leads to civil war.

The Separation of the union of the Armies to the Body Politic has been determined by the Creator of the Universe in response to the Perversion that the enslavement of the Corps of Defense of the Nation to a Government installed in the Corruption of those who believe themselves beyond the Law, and impose their Law on the loss of Honor and natural Dignity to those who serve the Peace of the Nation guaranteeing the Unity among the peoples that compose it.

To the KING all Obedience and all Glory! As in Heaven, so on Earth.

We understand that those who have made their soul the mirror in which the image of Satan is reflected prefer to live in the hell of his law than to live in the paradise of the Law of the Creator of the Universe, understanding here the Universe in the broadest sense of the word.

Paradise and hell are within the being. We are paradise and hell for each other. Some prefer to be hell for others. But we were all created to be paradise for one another.

The Immunity and Immunity that Political Power arrogates to itself through the terror that comes from those who have at their service a National Defense Corps, created precisely to prevent such evil, and against this Nature at the service of that Government, which, spreading the poison of corruption, invokes at its side every man willing to sell their souls for a second cosmic of power and wealth, depraved and savage beings whose glory and happiness consists in being the hell in which peoples are burned, and burned until they rise up in civil war; that Parliamentary Immunity is the source of the crime that is consecrated using Democracy the lever towards dictatorship.

"Give me a lever and I'll move the universe," in the insanity of his scientific pride said one. Today kings and tyrants have put Democracy, in what is called the Ideology of the Agenda of Socialism of the 21st Century, at the service of dictators, all of them democrats, of course, it would be less than that.

Thousands of times the sons of God, not of our World, let us speak without veils over our eyes, have seen this same process of elevation of the worst of the human species and its empire of corruption and madness repeated until it causes its total destruction and fall into the dust of History.

Power madness is not a disease recognized by those who claim to be dedicated to Health of the Mind. The thousands of rivers of blood that stain the ocean of the Memory of nations do not seem enough to the wise men of Mental Pathologies to declare Mentally Ill those who seek Power for Power's sake, depriving of their Nature of Service to the others that Political Power Represents and for which it has been created.

The wise have asked for judgment, they have banished from their minds the vision of the experience of thousands of years suffering the boot of kings, emperors and presidents of superpowers on their necks.

The Necessity of abolishing all Power and Crown and subjecting all the armies of His creation to the Throne of Our Father JESUS CHRIST, UNIVERSAL KING, has established for Eternity the Separation between State and Government

in the bosom of every nation, at the same time that He has built the Obedience of both Bodies to the House of the King.

Co-heirs of the Kingdom of God, the Brothers of the KING, Our Father JESUS CHRIST, invested with the Power of Freedom and Glory of those who are true sons of God, sustain with their Holy Spirit the Obedience of all People and Nation to the Law of Universal Peace and Health established by God in the Incorruptible and Indivisible Unity among all and the Right of all to the enjoyment and enjoyment of the paradise that lives in each one of us.

The Creator and Creation have suffered the hell that, ignoring that sooner or later the edifice of their happiness raised on quicksand of blood will engulf them mercilessly, unleash a few against all. History has shown God that the exercise of the Creator's Power unleashes madness in His Creation; hence he has decided to return that Power to the hands of the one who belongs to him, his Son JESUS CHRIST.

This Wisdom can be accepted or rejected. The Freedom to bend the knees in an act of worship of Divine Wisdom, or to reject the condition of Free Citizen in Universal Equality before the Law of the King, Our Father JESUS CHRIST, belongs to every man, whether male or female. The consequences are on everyone's head.

A part of the house of God's son openly rebelled against Divine Wisdom. The Law on Rebellion and Insurrection against Obedience to Divine Wisdom is the Banishment of Creation. One who is a hell to others cannot find his place in the World of the Creator of the Cosmos. Each one pronounces sentence against his head.

We know that the Enemy of God and Man rebelled against the Divine Wisdom that left behind the Empire and begat in His Son the Universal Eternal Kingdom. "Hell would rather live the Perfect Equality of Citizen among citizens, deprived of the Power conferred by those who lead the Government of a People of Creation" was the response of the enemies of the Holy Spirit of the Creator.

Natural Insanity to the Pathology of Power by power having been shown to be Evil without redemption, each man, male and female, must make his final decision: Against the King of Heaven and with the King of Hell; or with the King of Heaven and against the King of Hell. There are no medium inks!

The almighty King who sat at the right hand of his Father "until his enemies were on the footstool of his feet," has arisen, and raises up the forces of his Kingdom in our world to proceed to do the Will of his God: to unify all the churches, to banish from the earth the enemy of his Crown, and to build for ourselves a New World Organization, of the Fullness of Nations, in which all the

armies of the Earth will live exclusively in the Service of the Law of the King, Our Father JESUCRISYTO: "Prince of Peace, Wonderful Counselor, Everlasting Father, God with us", Head of the Council of the children of God, Lord of the churches, whose Head is his Father, YAHWEH GOD, in whom HE has all Wisdom, Omniscience, All Power and Omnipotence.

Satan will raise all his strength to condemn the Creation of the Tree of Fullness of the nations. Our Enemy is the Enemy of God, Death. Satan is a corpse that has the movement of the headless serpent, wagging its tail until the last drop of its evil blood spills into the dust and wind of the Spirit throws it into the abyss, from which it will not return for the eternity of the eternities.

"The Father shows the Son all that He does, and the Son does as His Father shows Him." We will create a Court of Appeal that will receive in its arms the Word of Help of every people threatened by the emergence of the Pathology of Power, dragging to general insanity a group, association or political clan, which, despising the Wisdom of the Creator, believes itself superior to all others, infallible beings immunized against all error to whose service we must give our sweat, our blood and our souls.

For His Glory God has written that His Creation will never again know the rise of such evil conduct. Abandoning a people to live the episode of Cain against Abel is a Crime against the Creator.

The Doctrine of Satan, the NON-Intervention of nations in the internal affairs of a people subject to dictatorship and genocide is contrary to the Doctrine of the Kingdom of Heaven: we are all responsible for the Peace and Health of all.

When one member of our body suffers, the whole body runs to heal the wound. All the nations of the Earth are one Being: Man. The Life of a Nation is the responsibility of all. The division established in the Human Race by the One who gave us to live in hell by which He declared War on the Creator of all things that exist is an Abomination in the eyes of God and of the entire House of JESUS CHRIST, "our Father who is in heaven".

The division between the peoples of a nation created by God is an abomination to those of God and his Son. Whoever creates division among the citizens of a Nation created by God has the Devil as his Teacher. The children of God, citizens of the Kingdom of His Son, know no other Master than JESUS CHRIST.

Love of neighbor, not hatred of neighbor is HIS Doctrine; those who raise hatred among peoples to raise their Power over Hatred among brothers and neighbors are mentally ill given over to the satanic doctrine of "Divide and conquer".

All nations are the branches of the same Tree of Life of the People of the Earth. Thus, the People of the Earth, we will be known for Eternity among the Peoples of Creation, each and every one of them a World, each and every one of us Citizens of the Same ETERNAL UNIVERSAL KING; Our Father JESUS CHRIST.

All borders and all Languages that divide brother from brother will disappear before our eyes and free our understanding from the ignorance and misunderstanding that comes from those who cannot communicate with one another in the dimension of a Freedom that has its Ceiling in the Wisdom of the Creator of all.

Woe to you who seek this Incomprehension by erecting among the brothers and citizens of a nation the wall of dead tongues born of the brain of Satan, in whose Hatred you want to build for yourselves a life of gods at the cost of the sweat and blood of the peoples in whom you have planted the seed of your mental insanity by using the hoe of Terror to your Policemen turned into the thief's dog that he invokes his right to rob God of part of his people.

Woe to you, servants of the Lord, who deny entrance to HIS house to those who do not speak the tongue of the thief of the souls of the flock that your Lord gave you to feed. He who justifies the thief is his accomplice and will answer for his crime before his Lord.

The Servant is bound by contract and can be dismissed by the Lord who hired him in response to the betrayal of the Law of the Contract he signed, by which he gave himself to keep together the Flocks of his Lord in the same Law, the Law of Love of God and neighbor. Whoever hates his neighbor and neighbor: he hates God, our Creator.

"The Father works in union with the Son," and so we work in union with our Father who is in heaven according to His Doctrine of Peace and Health to all the Citizens of His Kingdom.

Our eyes will see all this, and much more that must be discovered in the coming decades. The End of one Period is the Beginning of another; and this one has been waiting for "the whole creation with its heart in its fist".

The Creation of a Civilization designed to grow and subsist in the natural Time of the Cosmos must have as its Master Foundational Column an Idea of

eternal value about the Nature of Good and Evil. The Building of a Society in which Peoples with different origins in Space are brought together cannot subsist in Time but on the basis of the Principles of that Foundational Column whose Nature about what is Good and Evil is beyond each People at the same time that it understands them all in the Creative Spirit of said Civilization.

Creator of the Cosmos when God, Father of Jesus Christ, opened Himself to the Creation of a Civilization called to participate in the Natural Immortality of its Founder, the Nature of the Science of Good and Evil was perfectly defined in Him. That is, as we see in His Son, "God with Us," He has a Concept of Good and Evil of Eternal Universal value. And it is this Concept of what is Good and Evil that He raises as a Pillar upon which to support the whole Building of His Kingdom.

There is no relativity in this field. Necessity is understood. A Civilization aggregating Peoples with different values about what is Good and Evil is condemned to its self-destruction. The Almighty Guarantee of the Subsistence and Growth of all in a Universal Civilization that includes us all is in the Wisdom of God on the Science of Good and Evil. He is the Indestructible Backbone that guarantees us all Health and Growth according to Cosmological Time.

Father, God never wanted His children to live the Infernal Experience from which He rises with this Existential Concept guarantor of the Subsistence ad eternum of a Civilization as it occurs in His Kingdom. His Word is enough to raise us to Wisdom without the need to suffer Experience. Unfortunately, that Paternal Will was trampled on and Man has had to cross that hell until we get up, throw away all relativity as the principle of integration of all moral codes around the same Evil Agenda, the same one whose fire, its creators ignoring the Experience of Universal History, has no other nature than to burn us all in a World Fratricidal Final; and to raise our Intelligence around this Universal Column that has in God its Strength, its Health and its Eternal Subsistence.

On the way through that Hell Man has learned that Evil and Good are irreconcilable. Life is in the Word of the Spirit of our Creator. In whose Code we have been formed and of whose fundamental principles those who abhor the Nature of the Spirit of Life in God and defend the satanic position of the relativity of Moor and Laws seek to deprive us.

We have been morally trained to understand and believe that the Denial of Aid to a people besieged by a Threat of Genocide, this Denial is a criminal offense. So much so that this Negation does not apply to the Individual alone, but rises to Fratricidal Genocide against a nation. After the Second World War, a World Organization was created to intervene in these cases through an International Peacekeeping Force. It was a matter of interposing between Cain and Abel an

army of Pacification that would disarm the aggressor and defend the victim from death. The UN called the United Nations Organization for the Defense of Civil Peace among peoples. It did not take long for the Law to be fulfilled: "I will Good, but it is Evil that I get". Against this Founding Spirit he emerged, like a snake hidden in the chest of an irredeemable criminal, a two-headed monster, in whose bowels the fire of nuclear hell built his father a house in Moscow, saying that the Intervention between Cain and Abel, which is why the UN was founded: is a crime.

Barely crossing the bridge of the first decade of the 21st century, during the Arab Spring, the peoples of the African and Asian Mediterranean unable to free themselves from their tyrants, Syria raised the cry for Help to that NATO Fleet that had just brought down the Libyan Tyrant. The whole world saw the American Prince of Peace write his Denial of Relief against the Genocide that the Butcher of Damascus was undertaking before the eyes of the whole world. If the Law defines who is a Criminal, and the Law says that the Denial of Succor to Abel under the armed arm of Cain is a Crime, the American Prince of Peace chose between Law and Crime, to be a Criminal. The Suicide Doctrine adopted by the UN, of Denial of Aid due to the Satanic Policy of NO Intervention in the Genocide of Power against the People, earned the American Democratic Party and its Allies to wash their hands and abandon the Syrian People to Genocide.

A Civilization with a Spirit of Subsistence ad eternum cannot aspire to fulfill its Vocation except by establishing its Law of Life on the Doctrine of an Almighty Universal Kingdom, the life of whose Peoples is guaranteed by that Supreme Throne. What we Man have experienced during the past Six Millennia is just the opposite of that Supreme Law by which the Peace and Health of one people is the Peace and Health of all peoples. When a criminal, be it an individual or a group, a family or a federated association, rises up to destroy the Peace and Health of a people, it is all the peoples who rise up to crush the victory of such a band of sons of hell.

We do not know the number of dead on which the Butcher of Syria has flown to the House of Satan in Moscow.

From the experience of absolute category on corruption that we live in our days, we understand perfectly that an Institution such as the International Criminal Court declares an Arrest Warrant against the political head of a Nation that has defended itself in a State of War against the one who declared War on October 7, 2023, and turn your back on the Butcher of Damascus, the Tyrant of North Korea, the monster of Moscow, the tyrant of Venezuela, the despot of Cuba, etcetera etcetera. What are the current values of that Institution that was born to raise the spirit of Good above the Conscience of all nations?

It is NOT necessary to study much, it is enough to move your head around us to understand why the UN and the ICC have betrayed their founding values and have converted to the doctrine of the Powers in the Shadow of the 2030 Agenda, that Anti-Christian Agenda, because it is anti-Christian: satanic, which believes that it can bring together in one Society all the moral codes in the same World Body without Morals: "The Morality of Power of the Fittest by Law"

We are witnessing this movement of the Strong on the chessboard of Geopolitics. We see how their clans collapse, and the law they acclaim drags them with the Corruption they worship to the ruin they cultivate for others. We do NOT know if Free Syria chooses it between Democracy or Islamic Dictatorship; all that can be said is that the Peace and Health that was stolen from them is the greatest Good to which all embrace, and do not make of the reconquered Freedom the chains to which they chain the future of their children.

Europe rises like a mausoleum sepulchre covered outwardly with all the treasures of its Past, while inside the Corruption of those who seek to create a Superstate: The United States of Europe, continues its race on the ruin of the nations that make it up. "Obedience to the fucking master", in the words of a lackey of that Brussels Agenda, is the door to the riches, power and life of a god who has in the sweat and blood of the peoples his mine of the Solomonic goose that lays the golden eggs. Today they have decreed the End of Fishing in Spain, for example. Obedience to Brussels closes its eyes to all Corruption of its slaves in the nations that make up that Project that is hidden behind the 2030 Agenda: The Public Birth of the United States of Europe. The question is obvious: Why do they hide this birth?

The Final Battle between God and Death is open. That fetus is going to have an abortion.

The Intelligence of Man has banished from his Being the Lie of an Evolution from man to son of God, and from son of God to gods. The existence of Immunity, whether parliamentary, monarchical, constitutional, religious or of any denomination is the poison with the color of honey of that "Equality between genders" behind which they hide the Absolute Destruction of the "Equality between Power and the People".

The Law of the Universe has in the Personality of the Creator its Pillar. The

The Creator's ownership of His Creation is unlimited in space and time. To banish that Law from Being is to declare War on a Personality whose Formation took place in the fires of Eternity. "I am who I am" is not a threat, it is a Declaration of Personal Conscience established on an Incorruptible Moral Conscience, Perfect in the Knowledge of the Social Principles that create that

Civilization integrated by Peoples without number in the bosom of a Universal Kingdom whose Crown God has placed in his Son.

From here begins the End of the Law of the Ancient World, rescued from the grave by Scientific Atheism, and begins the Empire of the Law of the Spirit of Intelligence in the Image and Likeness of the Intelligence of Jesus Christ, Door to that Wisdom that would turn its back on those who persecuted it to enslave it to their interests and embrace the children of its Lord.

Again, between the Tree of Life Sciences; its fruit: Peace and Health; and the tree of the Knowledge of Good and Evil, its fruit Corruption and War, the choice is on the lips of every man. In the Beginning, without knowledge of the nature of the Tree of the Knowledge of good and evil, the choice was mortal; and because there was Ignorance about its nature, there has been Redemption. Established in the Knowledge of the fruit of that tree of Death, there is no possible justification for one who chooses Corruption and War to the Peace and Health of the Fullness of the nations of the Earth.

10/12/24

"If you do not understand when you speak of earthly things, how would you understand heavenly things?" It was impossible, therefore, for anyone, neither Romans, nor Greeks, nor Jews, to understand the Language of the One who, being God in Person, and representing live the Creator of all that exists in the Cosmos, came to reconstruct what was destroyed: the Growth of Man's Intelligence in the field of Creative Wisdom.

From the standpoint of our present knowledge of the Universe, the Romans, Greeks, and Jews were all barbarians. The eyes of human intelligence had been locked in a horizon without Past and without Future. "Universe" was a meaningless word. The lands ended in an abyss into which the ocean was rushing. The basic law of life was the law of the strongest. Philosophy and Law had no other force than to impose survival by fire and iron. Religion had no other function than to legitimize war by proclaiming it holy.

Liberty, justice, peace, fraternity, truth... they were words without substance or essence that, if seriously defended, automatically implied the insanity of the Lawyer of such a lost cause. Civilization was doomed to its utter ruin when that Advocate became Man.

The possibility of setting oneself up as a son of man as the defender of Truth, Justice, Peace, Fraternity, Equality and Freedom, on a universal basis, was absolutely nil.

The Creation of Man in the image and likeness of his Creator was ruined without turning back when "the son of Man" appears not exclusively to defend the Truth: "The Truth is declared". "I am the Truth."

He is the Truth. There is no Truth outside of your Being. To seek the truth outside of his Intelligence is to cultivate the ruin sown by a son of God, not of our World, among the first men.

This statement, "not of our creation," not of our world, which is written in the Epistles of St. Paul, came to be interpreted in the manner of his Lord's, "I am not of this world," that is, as a declaration of insanity.

We also read in the book of Moses that the sons of God slept with the daughters of men and gave birth to the heroes of mythologies, founders of ancient religions. The one as well as the other affirmations, even when we speak freely of Extraterrestrial Life among us, are rejected by Scientific Atheism to the extent that the Academy should open its anti-Christian discourse to the existence of God as the Origin of all Extraterrestrial Life, God being himself "the Extraterrestrial" par excellence.

An absurd conclusion insofar as Extraterrestrial Life refers to Life with origin in Matter, a dimension in which we cannot include our Creator, all the more so when making His Being and Life an indivisible Reality: "I am Life", if on the one hand God glorifies His Son by affirming that all life has its Being in Him, on the other, in his Incarnation of the Son of Man he confirms to us that the World from which he came is as real as the Body in which he appeared before us.

It is understandable that after having denied the Existence of God and having sought the Truth only to confirm this Denial, the Science of Atheism, openly declared anti-Christian, chooses to give approximate figures of the thousands of worlds that exist in the Cosmos to admit that Life in the Cosmos has its Origin in God, an affirmation that leads us to the Son of God. on the one hand, and the children of God whom he called to form Man "in our image and likeness", on the other.

The Creation of Life in that image and likeness is an Eternal Project that God once gave to Himself. The ideal of every Creative Genius is to see his Work immortalized, for the joy of his spirit and of those who love his Work.

God had to conquer Death; he had to raise Life above Death; to create a World in which Created Life would be safe from the transformations of the Cosmos.

It was the Beginning. Now, the creation of life in "our image and likeness" implies the need for a growth in the spirit of Intelligence from which the created World achieves Identity, Consciousness and creative Freedom to direct its Existence within the Civilization of civilizations in which Time transforms its Creation.

This was the Project that gave Origin to the World from which came His Son Jesus, "God with Us" repeating the Words of His Father, words that were not at all vicious, as was seen in His Acts, by whose Works we all live in the Present.

In short, the anti-Christian discourse of the Science of Atheism of the 20th Century on the nature and possibility of Extraterrestrial Life took Christian Civilization back to the days of the Greeks, Jews and Romans, when the Force and Power of Arms was the only valid discourse among nations.

All the arguments of Scientific Atheism against the Existence of God have had no other value than to clean their hands of the blood with which they watered the fields of the Earth during the World Wars, because knowing the nature of Thought not only did they not correct their malignant doctrine about the dual nature of man, but they also placed in the hands of the strong all the genocidal means necessary for the strongest to make the strongest imposed its law.

But hairs to the sea.

The revolution of growth of intelligence has two gears, the natural and the supernatural. God leaves to the nature of created life its intellectual development, or else intervenes in its movement to hasten its growth.

Needless to say, the supernatural comes with its Creation.

That theory for bad people that conjectures whether in the encounter with another less civilized world the developed civilization should not intervene so as not to influence its future, is a theory of bad people: if you see someone who is dying of hunger, let him die, if you see him naked in the snow do not give him a cloak, and if thirst kills him to kill him, it is the destiny of the universe that makes him the Grim Reaper, according to whose law the strongest must rule with the boot on the neck of the weak in the manner in which the free man did on the neck of the slave.

The call of the Son of God to his brothers and sisters, not of our world, "Let us make man in our image and in our likeness", opened the natural law to the supernatural, hence absolutely all the mythologies of ancient peoples saw the gods intervene in their cultures. Gods among whom was found that Satan, whom we then see in the book of Job, and finally we have him in the Gospel directing the masses against the son of Man, that son of Eve for whom he did not bet before Yahweh God a drachma on his victory in his particular duel against the murderer of Adam, son of God.

We do not doubt that, if God had willed it, a son of man by flesh and blood would have offered himself as His Lamb for the Atonement of men's sin. Adam, the son of God, was begotten in the flesh and blood.

First one is born into Matter, and then one is born again into Spirit. God would not have lacked either Power or Wisdom to cause a man to be born again, and following the being of the prophets, he would have offered himself as the Lamb of God. Didn't John the Baptist lay his life at God's feet?

And yet the Duel to the death between the Son of Man and Satan, his the spirit of the Devil, surpassed the human sphere in its dimension. It was the entire Creation that Death had attacked by checkmating the Holy Spirit of the Creator.

The whole Creation had the Necessity of hearing the Answer of God through the Mouth of His Only Begotten Son, "True God of True God," among those who, had the division which Death sought in directing His prince of Hell against the kingdom of God on Earth had occurred, the Creation of Life upon the Holy Spirit Foundations of Justice would have collapsed.

The Revolution of the Kingdom of God, once Creation was established on the Throne of the universal Everlasting King Jesus Christ, Head of all Power, God and the King would open the Door of the Final Battle for the Salvation of the Human Race.

Day and Hour in which we happily find ourselves in our days.

The contemplation of Wars during this XXI Century reveals to us the absolute desperation of the Enemy of God and Man once his Banishment from our World has been decreed. The doctrine that his son from the north has established about the Curse of whoever stands between Cain and Abel, collected in his lap by the UN, reveals to us the need for Satan to find the lever with which to unleash Total Atomic War: and take to the Hell of his Exile a victory for eternity against God.

There is no need to emphasize the folly of believing in that victory.

To give oneself to the corruption of those who intend to build an Anti-Christian Civilization on the tomb of Satan is no less insanity.

The Word is God, and He became man so that we might all see His Glory, and this Glory unleashed in the Fullness of His Power is the one that has risen so that the Word, written: "be done."

"God says and so it is done." To believe otherwise, not to give oneself the opportunity to be reborn to the Spirit, because this Power is the Natural Force of Being, is to lose the Soul. Without Soul, certainly, man ceases to be man, he becomes just another beast, not just any beast, the most dangerous and savage that exists, the one that launches itself against its own species at the price of its self-destruction: he is crowned king of the infernal jungle for which he sighs or takes the whole world to hell.

Heil, Vladimir Putin! Satan has entered into you as he entered Judas Iscariot.

From Moscow Satan tries to gather all the forces of the non-Christian nations to open the key to the Nuclear Hell.

His Hours are numbered, the King of Heaven has risen from his Throne to do the Will of his God, how can he prevent his Hunting, Capture and Banishment from Creation!

Open your eyes, nations, the prince of Hell dresses up in Progress and Antifascism; just as he drowned the World of Adam in the waters of the Flood of his abomination in the eyes of God, in his desperation Satan intends, by overthrowing the Laws of Nature, to demobilize our forces by raising the war of the Kinds.

The Divine Declaration is not debatable: God created a Gender: the Human Race. The others are the creation of Satan and his mother: Death, "The Last Enemy."

Satan will pass, he will be banished from the Earth, and we will remain with the King fighting Death until the Human Being, Body and Mind, is reborn immunized against the entire army of diseases that will sow its Fruit in our World.

9/12/24

As is automatically deduced from the Creation of the universe according to *the Divine History of Jesus Christ*, the intellectual power of every man to open the Seal with which God closes one of his Letters, *The Creation of the Universe* in this case, is absolutely null. For 3,500 years the Letter of God to His People, us, has passed its Seal through the eyes of all the wise and holy of all nations and times without the thought of a single one of them discovering the Key of David.

Without accusing anyone but without abandoning the path of Truth, the lethal difference between the wise and the saints lies in the Faith.

The sages interpret their impotence to be omniscient creators in the image and likeness of the Creator of the Cosmos by rebelling against the Author of the Hieroglyph of Genesis; in their Pride they deny the existence of the Creation of Life in the image and likeness of God, because then they would enjoy Natural Omniscience to the Creator of the Heavens and the Earth; and they end up aligning themselves with Satan, cultivating the sciences of Death, in which they discover the glory of omniscience that turned its back on them from the beginning.

Saints do not need to see to believe; the Word of God is sufficient for them. "God says and so it is done"; knowing or not knowing how God does what He does takes away absolutely nothing from the Fact that makes the Word known.

And not only does it not add or take away from the Truth of God's Existence not knowing how God does what He does; moreover, the very idea of denying God by means of an impossibility to understand how God made it possible for a Virgin to give birth, this denial is the beginning of a suicide impossible to understand in those who declare themselves to be "intelligent persons".

To believe that the image and likeness to which the Creator has called us implies equality in Omniscience and All-Power between the Creator and His Creation is a fall into the most absurd schizophrenia conceivable. Natural schizophrenia to a Scientific Atheism that clearly betrays the baseness of the pride of the one who was originally a beast and the next claims to be Equal to God, or denies God.

It was in the bowels of this homicidal schizophrenia typical of a wild beast that the two monsters of the twentieth century came into the world: Socialism and Nazism, the Gog and Magog of the Apocalypse.

God makes known to us how, out of love for life created in the image and likeness of His Spirit; on the basis of this Fact He opens His Intelligence to His children, for having made it His Duty to raise Life to His Image and Likeness, and He being Intelligence in His most Almighty and Omniscient Nature, it is simply logical that His children tend to grow in His Wisdom, so that deprived of this Source the Mind of every Creature drifts towards frustration, and becomes a propitious field for the insanity of those who deny their Creator because their Right to Knowledge about their Creation is temporarily closed.

We understand that Life is not based on Thought. That "I think, therefore I am" is a fallacy. Do not stones exist? Or should we believe that stones think and because they think they exist? Life has its Origin in the Creator's Love for His Creation.

To deny God because the Thought of the Creature cannot understand how a Virgin gives birth by the work and Grace of the Divine Power, is to deny God because we do not create "true gods of true gods".

To deny God from this intellectual schizophrenia is to deny Man. What is left then? : that inhuman rational beast that creates all wars. That beast that Scientific Atheism has fed and strengthened by putting in its hands all kinds of weapons of mass destruction; while it contemplated how nations were destroyed in the twentieth century, the Academy washed its hands in the seas of blood that covered the history of Europe.

The Satanic Denial of the Non-Existence of our Creator based on believing a mockery of the Formation of Life in the image and likeness of its Creator is the strongest symptom of the schizophrenia of the sages of the Academy. Because before Christ Philosophical Atheism was justified by the Wall of Separation between God and Man, the effect of the War between God and Death. But Christ having been born that Atheism, now Scientific, was hired to the service of that same Satan who put himself at the service of Death to destroy our World.

Certainly, the mind of the wise man and the mind of the saint are two different dimensions, and yet they both live and are nourished by the same spirit of intelligence; with the lethal difference that the saint cultivates the fruit of the tree of the sciences of Life, and the wise man, "against Christ and against Satan", cultivates the tree of the sciences of Death, hence the growth of Civilization is rooted in the Sciences of the Creation of Weapons of Mass Destruction whose Beginning in History goes back to that jawbone of an ass with which Cain killed his brother Abel, and whose purpose has always been to discover the Ultimate Weapon that the Empire of the World will give to its owner.

In fact, we observe in the cave paintings of our Prehistory that what seem to us weapons were always directed against beasts, never against humans; a singularity that to the blind, curiously "against Satan and against Christ", says absolutely nothing because they do not want to see the truth that the Cave Painting transmits to the Future; and it does not tell them anything because they do not seek the Truth, but discover in History proofs of the NON-existence of a Universal Creator.

Also talking about the cities before the Fall of Adam's kingdom, back in 4,000 BC. In none of the Neolithic Adamic or Proto-Sumerian, whatever you want to call it, cities of Mesopotamia have stores of weapons of war been found. Uruk is the infallible proof of this reality. And yet, against the Truth of the Proofs of History, the sages of Modern Atheism remain in their oath to have been the Origin of the human being: universal genocidal Cannibalism. From this it is seen that the fallacy of the policy of "against Christ and against Satan" is the mask behind which a genocidal mind hides the nature of its scientific Satanism.

Because of his irredeemable worship of the sciences and technologies of the creation of weapons of mass destruction, Satan, one day a son of God, was hated by whoever was the Creator of his people.

Not knowing *how* God does what He does does not justify the Denial of His Being. To deny the existence of God because of the impotence of knowing the Science of Creation through "Human Reason alone" is to succumb to the insanity of those who forget that the Love of the Creator for His Creature is the silver thread that unites God with His Creation. Ergo, to believe that since Natural Reason cannot access the Science of Creation without its Creator, this impossibility proves that God does not exist, because if God existed and we had been created in his image and likeness, this impossibility would not exist, this line of argument of Scientific Atheism is Satanism in its essence and purest substance.

Life in the Cosmos never had as its horizon of growth the attainment of Divinity. To set themselves on the horizon of being true gods in the image of the One Living God who knew Eternity before the Father and the Son, is the abyss into which Satan sank. The horizon that God opened to Life in the Universe is Immortality in His Image and Likeness: Indestructible Immortal Life.

To want more, neither Life nor God can.

God is Uncreated; God cannot be created.

This Truth is Universal Law; to deny the Existence of God because God cannot create gods according to His Nature is to sink voluntarily and freely into the hell of one's own insanity.

"You are gods, but you will die like any of the princes."

Believe what you will, the truth is this: you are nothing but a poor beast crying for the law of the jungle. This is the inheritance of Scientific Atheism to the nations.

I insist, the presupposition of the rational insanity of Scientific Atheism is simple. Since we have been created in the image and likeness of God, without God we should rise to the Science of the Creation of universes, and since the impossibility of doing so is discovered in the mechanics of our own world destruction, it is concluded that God does not exist, and "Faith is a Neurosis."

The Gaya Science, called her a rooster.

This imbecility, natural to those who banish from their thought the need for Divine Intelligence as the source of their growth, and make "Reason Alone" the source of Science, claimed by the servants of Satan, called the Fathers of the Reformation and the divines of Westminster, as an act of freedom and independence by which Creation recognizes its Being before its Creator, Protestant and Calvinist schizophrenia, homicidal without limits, as was seen in its fruit, the Thirty Years' War, unfortunately ran to the sciences, ending up making the Newtons and Einsteins of the centuries immediately after ours, in addition to all the anti-Christian ideologues and philosophers of the modern centuries, real idiots hiding under the most atrocious mask, that of the world wars, the evil that comes from those who in their pride believe themselves to be smarter than God and in their almighty ignorance wiser than the Creator of the Cosmos, daring from that Supreme Ignorance to dictate laws to the Universe, as we currently see in the relationship of Man with the Law of Procreation and Reproduction of the families of the Earth.

The events of the 20th century proclaim this Truth: No one can enter the Mind of God except one who is born into the Mind of God.

Three thousand five hundred years banished from the Knowledge of the True Creation of the Heavens and the Earth confirm the above.

From that Ignorance unconquerable by Human Reason, the saints from their own pockets, making the churches the gold mines from which to extract from the peoples the soul of Man in the Image and Likeness of the Son of God, came saying that God rose up in Anger before the Event of the Fall of the kingdom of his son Adam in logical response to whom he believed himself to be a god and acted as sovereign absolute, at his feet the life and death of all his

subjects; a universal evil example which the kings of the earth cultivated in their houses, making the spirit of their god and father, Satan, the legal cause for declaring divine that Immunity, which they call Constitutional or Parliamentary, against the laws of Civilization. An unclean goal that we see at present exposed in the War of the Third Rome, the daughter of the Empire of Byzantium, heiress of the Roman Empire, called to its Destruction from the Death of Christ, as will be seen in the coming years for the glory of God and the good of all the nations of the Earth.

God's anger at the corpse of his son Adam was natural. But on this impression it must be understood that God's eyes were fixed on the vision of His True Enemy, Death. It was his entire Creation that had just received a checkmate.

Yahweh God had given everything as a Father in order to correct the conduct of his son Satan. It had been of no use. The more Love He put on the table, the more Hate He collected. Nothing could be the same anymore. Death had entered into his Creation and it was the Creator who had to dress up as an All-Out War for the Freedom and Life of his House. Any other consideration was to be abandoned. That is why God pronounced sentence with the coldness of one who knows neither Adam nor Satan. The Traitor and the Transgressor, both had raised the banner of War against the Holy Spirit, and both were to die.

No one, absolutely no one is above the law. Here's the Holy Spirit.

The Immunity from Crime proclaimed by the Law is the open door to the Ruination of the State and Civilization which enshrines such a Crime against the Equality and Liberty of all citizens.

The simple fact of considering the Immunity of the Ruler Constitutional is a step towards madness which, remaining, leads to Civil War and World War, a preamble to the Destruction of all life. An experience that God lived in Eternity infinite times, during which Experience became Science, Science became Law, and in God the Law and His Spirit became a single Reality.

God could not admit, under any circumstances, such delirium: Pardoning Adam and giving amnesty to Satan.

The Law is the Guarantee of the Life of Civilization, the Pillar on which the edifice of Peace stands. The Holy Spirit of Wisdom sustains it with the Almighty Incorruptibility of its Lord and God. For the Universality of the Law is beyond the Creator and Father insofar as the Holy Spirit of Wisdom, the Origin of the Law, lives in God.

The Fall of the Law is to open the door to the Corruption of a Family, Clan or Ruling Political Association that, once installed beyond Justice, in order to maintain their evil status quo conspire to sink Peace into the abyss in which they bury the Law, so that declaring themselves "Guarantee of Freedom" in reality

what they do is build the walls of the Prison in which they will be buried the Prosperity and Happiness of the peoples.

Yes, indeed, to the health and glory of that band of evil elements, to defend their crimes and offenses willing to liberate the hell of the Civil War, there is the Banishment of the Frontiers of Creation.

Thus, the Judgment of YAHWEH GOD was not cruel or the product of an attack of Anger. His Judgment against Adam and Satan was Holy, Just, and Good. To pardon the Offender and amnesty the Criminal is to lay the foundations of the Dictatorship in order to avoid the Civil War that this Conduct towards the Offender and the Criminal, precisely, creates.

No Civilization, Society and World can subsist in Time on the basis of the Immunity of the Ruling Power and its Immunity to commit any kind of crime; Impunity and Immunity shielded from Power to establish the Future of the World on Corruption as a natural entity in the exercise of Government.

The destruction of the fundamental pillars of Justice from this Pro-Dictatorial Power overthrows the Basic Rights of civilization, and makes Liberty, Fraternity and Equality among all Citizens the most bestial chimera that can be imagined and endured by an intelligent people, whose reaction, logically, the Governing Power for the Creation of the Dictatorship of Democracy must counterattack through the arguments of the "fascism of Christianity Creator of the Dictatorship of Democracy". Renaissance Civilization".

In the "anti-Christian" argument is the end of the Government sustained by Corruption as a Natural Exercise of Power, a pathetic and miserable philosophy that no intelligence endowed with the Power of Judgment and Objective Critical Analysis can admit as a Rock on which to build for Nations a Future open to a Civilization created to subsist and grow in Space and Time.

But beyond this Immaculate, Incorruptible and Unfading Justice that admits of no exception and considers for limitless Evil the Pardons and Amnesties of the Delinquent and the Criminal, as without the need to be wise or holy, the experience of our confrontation with universal History transmits and teaches us, YAHWEH GOD, Father of Man, He had to contemplate the Future of his Creation, and could not evaluate it except from the Nature of his Spirit, in which the Holiness of Wisdom, Mother of Justice, is one with the Being of the Creator of the Cosmos.

In God, Wisdom and Justice partake of the same Nature, hence the Holy Spirit wrote:

The Word is God, "the Word" is God.

The Law partakes of the Nature of God. The Divinity of the Creator shields Nature from the Universal Justice that from His Spirit governs the Soul of all the nations of His Creation.

Wisdom, mother of the Science of Creation, has shielded in God the Holiness of Justice, making the Future of the Civilization of His Kingdom an open Path to Eternity.

Even if God, as Father, had wished to pardon his son Adam, the consequences of such an Exception against the Incorruptibility of the Law would have engendered in his Being an irresolvable Conflict.

Since God has the Power to raise the dead, what is the point of such severity with the murderer? I kill and God is resurrected, it's not to get that way; To condemn the fratricidal to Eternal Banishment from Creation? Isn't it all a game? I kill you, God resurrects you. Where is the Evil?

It is understood that the Dignity of the Creator, trampled on in this way, would make the Truthfulness of God as Father of us all a true mockery.

When the Law is stepped on, and the criminal is applauded, he is given the blessing to continue to be an enemy of Peace, and even to plan a Fratricidal War without stopping in fear of his own destruction. Within this order: he who pardons and amnesties is as delinquent and criminal as he who is pardoned and amnestied.

From this argument it is understood that the sons of Satan of the Protestant Calvinist Reformation accused God of being the true Author of the Fall of the First Man. Having pardoned and amnestied the Offender before our Creation, it seems that it should be concluded by affirming that the conduct of the Creator was the driving force behind the War among the children of God.

If God had sacrificed the "bull" immediately after his first aggression, the subsequent goring of a defenseless creature would not have proceeded.

Since God is prescient and omniscient the Pardon of a Beast, which has already tasted blood, Calvin understood it as necessary to bring about the Fall of the Human Race in the Hell of the Perpetual World Civil War, until our Final Destruction.

Through Jesus Christ we know that the Thought of God before our Creation had holy presuppositions. That Beast had gored before, certainly. However, ignoring the obvious, as long as Creation, His Kingdom and Civilization remained founded on the same assumptions at the origin of the Rebellions of the children of God, the problem would continue to grow. As Creator and as Father, God had to sink such a prospect into the Abyss. This and no other was the true state of the Divine Mind when it sentenced the victim as the murderer to live the Punishment to which they had been entitled for their crimes.

What measures were those that God adopted to annul the checkmate of his Creation and defeat for Eternity his enemy: Death?

Of course, at that time no one saw them. God sealed his Mind even in the eyes of his Only Begotten Son. In fact, we see the King of kings and Lord of lords of his Father's Empire enter our History riding on the Horse of War, his Mantle covered with the Blood that in his War against the Serpent of Eden he was preparing to harvest.

The Silence of God in the wake of Adam's Transgression: proclaiming himself a god among men, and Satan's Betrayal, posing as a Minister of the God of gods, was absolute.

The coldness with which God gave the Human Race to its Enemy, Satan picking up Adam's crown, was colder than the Ice that covered the Earth at the end of the First Day. So powerful was that Silence that, believing that its source was the impotence to fulfill His Sentence: "A son of Eve will crush your head", that son of God appeared before the Creator of the Cosmos, as we see in the book of Job, as one who mocks a defeated enemy before entering the ring.

According to the opinion of that Beast, the checkmate of Death to God was invincible.

Cold as the Ice of the Abysses at the mockery of that Beast, God kept the Seal upon his Thought, whose Nature we can see, as one who removes the veil from the eyes of the mind, once God has been glorified by the Victory of Our King, Jesus Christ.

In truth, the one who directly touched this War between Death and the Creator was his Son Jesus. His Father's Experience with the Science of Good and Evil was infinite. His Son Jesus had never lived the experience of a World subject to the Law of Death.

From Reason alone, Satan counted on the Temptation that experience could suppose to JESUS. Speaking in Christian, Man was nothing more than a battle-axe in the rebellion of those sons of God against the Holy Spirit's Law of Divine Universal Incorruptible Justice.

Nothing but a battle-axe against the King's Wife in the hands of the Evil Sower were Luther and Calvin.

God never had any Doubt about the Response of His Son Jesus to the War that had been openly declared to the Holy Spirit.

"Two Persons, One Spirit."

The Spirit who lives in the Father lives in the Son.

"So long have I been with you and you have not seen me?"

In any case, the whole of Creation had to see this Truth, to live it.

God could not allow the Redemption to be considered a Reprieve for Future Events from a position of Immunity from the Universal Law that sustains

the entire Life of all Peoples in the Equality of all beings, whether servant, son or brother of God Himself, before Justice.

The Holy Spirit is the Source of the Law; by cultivating the abomination that God feels against Corruption and its fruit, Yahweh God would end up lifting his Arm against all life. God had to return the checkmate to Death, and what is greater, to give it with his King.

We observe in the episode of Job that the confidence of the Devil, Satan, the Ancient Serpent, in his victory over the son of Man, the son of Eve, was absolute. Having been the one who opened the door to our World to Death, in his Ignorance of the Nature of the Spirit of God, and basing himself on his Interpretation of the Law of Vengeance, as the Beast that he was, and the more the being sinks into Corruption, the more Beast he becomes, the Fratricide forgot that God, before being Creator and Father, He is the Lord of Infinity and Eternity. Satan had declared war on the Creator of the Cosmos.

True, the Law states that from a child of God any other child of God may be called by his Father to do Justice and avenge the Death of his brother. God, according to the Devil, had bound His hands by decreeing that a son of Eve, and only "the son of Man" would be the Avenger of the Blood of Adam.

How can we imagine that the Son of God chosen from among the brothers of the dead to incarnate the Son of Man would be His Only Begotten Son in person, as if to say: "the Child of his Father"!

Once the Law "a son of Eve will crush your head" was written, the choice of a child of God, "not of our creation", was totally excluded.

All the more so the possibility that the Election rested on the Person of the Almighty Firstborn of Yahweh God, that same God before whose presence the Beast dared to go forward as one who mocks his victim in his own face.

And yet God announced it:

"A Virgin will conceive and give birth to a son who will be called God with Us, everlasting father, prince of Peace."

Divine Word that opens the door to the Mystery of the life of the Prophets.

## ANCIENT TESTAMENT

The Bible as we know it is based on a Supreme Universal Principle, which comprises in its literary body the spirit of the Law, the Moral soul of Society, and the Metaphysical Reason of History as the Movement of the Human Race in Time and Space, and by extension: of the whole of Creation. This Principle is the Bible. Be it as Religion applied to Humanity as Being: Christianity; be it as an Act applied to a Race as chosen: Judaism, the Bible is the unshakable Principle that keeps Universal History in constant evolution from Chaos and Anarchy to Harmony and Natural Right to the Intelligence of the Being of God our Creator.

Man is prior to every written book, and like Yesterday so Tomorrow Man can survive without any book. But Civilization cannot subsist without the Bible; Civilization is the fruit of the Bible.

Before Christ there was no Civilization.

Civilization begins with Christianity, and it is in Christianity and during its process of growth and building that Civilization was formed until it became conscious of its Being.

Of course, this statement must seem like a denial to institutional historians, and, therefore, to everyone who has been accustomed to believe in ideas and teachings programmed to overturn their Objective Judgment; but the truth is that before Christ societies were based on a principle of Brute Animal Force without any connection with the Nature of what Civilization is.

All the progress of the Ancient World had only one reality, Power.

All the progress made during the days of the ancient empires had power alone as its goal. Now, Civilization is the opposite of this goal.

Civilization is a space of coexistence for peoples from different origins dedicated to sharing Existence in Time in the light of the same Universal Law.

We do not see that this Sense had any art or part in the empires of the Ancient World; and, granting, we can admit that the Idea found its first exponent in the Empire of Cyrus, an idea that Alexander tried to rescue and Caesar Augustus wanted to materialize.

The failure was in the seed itself. Civilization cannot be imposed by Force. Civilization, as a Space of Coexistence in Peace and Freedom, implies Fraternity among nations, and never the Concept of Racial Superiority that animated the ancient empires and has continued to travel through the centuries until it led to the Ideology that Nazi Germany imported from the Fascism inherent in the Darwinist Conception of a Humanity divided into Weak and Strong.

The Darwinist conception of a dual human species was nothing but the resurrection of the old imperialist ideology that divided humanity into slaves and free, and from that basis forged its law of fire and iron. Evidently, to the British World of Charles Darwin's day this resurrection of the Old Ideology of the Slave-Free duality in its Strong-Weak form suited his Empire, based on Fire and Iron, like a glove, and from it Anglo-Saxon Science made its New Gospel. Germany in the first part of the twentieth century did nothing but apply the story.

Germany lived during the period between world wars a generation of geniuses and sages of the stature of Werner von Braun, Heisenberg, Plank, Konrad Lorenz, Einstein, and a long etcetera, all staunch believers, and one by one, of Darwin's Dual Fascist Theory, a Theory that exposed the German people to apply the due conclusion: the German, in view of its Intelligence, it was the Strong Race called to dominate the world, and if it had to crush the Weak to do so, the Weak would be crushed, without mercy or mercy.

A malignancy that, indeed, can be seen in the Nazi Creed, but at no time incongruity. Hitler and his generation put into practice what the Darwinist Creed put into practice.

The History of Civilization, therefore, is the History of Christian Civilization. The Equality of all men upon which the Christian Society was founded is the Rock without whose Foundation there is no Civilization. To call the Assyrian Empire, the Babylonian, the Mede, the Roman Empire a civilization, is an exercise in stupidity so vast that it deserves no waste of our time.

That said, if from the beginning of its history Christianity was subject to a process of persecution and destruction, logically Civilization had to be. As it was. It is not hidden from anyone that the destruction of the Roman Empire ran parallel to the attempt to destroy Christian Civilization in its Ontological Infancy. From the days of Arius and Attila, from the days of Mohammed to Stalin, Civilization and Christianity have grown and developed in a constant heart-rending struggle against an unstoppable succession of destructive forces, external and internal, the consequences of which were revolutions and world wars, the end of which was to be the Destruction of Christianity and its Civilization.

We have to congratulate ourselves on the victory. Christianity and Civilization are still standing. And although at present there is a desire to separate Civilization and Christianity, based on subjective reasons, the fact is that these forces will cease to exist and Christianity and its Civilization will consummate their process of creation in the Adherence of all nations to the Kingdom of God.

Thus, from the Seed that in Abraham and his parents began to take root in History, to the Birth of the True Founder of Civilization on Earth, our Jesus Christ, a World of rational animals and beasts, sought the eternity of His Savage Society basing its victory on the Power of Brute Force. But the leap from an Animal-Rational Society to the Spiritual-Ontological Civilization can only be based on the Power of the Creator of the Universe who created Man in His Image and Likeness in order to establish between Creation and God a Society based on Being as a subject of Duty and Right. That is, to engender in the becoming of the Human a child of God.

This Process, exposed to its apocalyptic failure since the origins of written Universal History, which is reflected in the Bible, is the one that comes to be taken up

again - Redemption through - with the Birth of Jesus, and in the Death of Christ it is opened to all Humanity, extending Jesus Christ with his Resurrection what was done individually to the universal domain. That is to say, since its Birth, Christianity, in the Person of its Founder, as I have just said, has been subjected to constant destructive pressure, its fruit: Civilization (Christian because without Christianity there would never have been the leap from the Animal-Political-Rational Society to the Civilization of Law; and precisely because this was the End of Christianity that God placed on the face of History when his Son became man), Christian Civilization has been the object of constant destructive attacks, from without and from within. But as long as the Bible exists, Christianity will continue its historical evolution until it unites the Fullness of the Nations of the Human Race in a Single Universal Kingdom, whose Crown rests on the Head of the Only Begotten Son of God. This is the End of History: the Glorification of the Son of God.

Given this Goal, it is understandable that God and His Book have been objects of persecution and extermination by all the blind powers that had and have in the Unification of the Human Race in one Body their public enemy number one.

The Coronation of the Only Begotten Son of God as the Everlasting Universal King is a Declaration of Abrogation of all the Crowns of Creation, Past and Present, and a Manifesto of Liberty by which the Due Obedience of every Citizen of the Kingdom of God to the established Powers is abolished in Omnipotent Exaltation of the Power of Him in Whose Hands our Creator hath ordained that all things should be, those of Heaven and those of Earth: for Eternity.

The Bible is, first and foremost, the Chronicle of a Universal Revolution that affects the entire Creation and establishes the History of the Future of Eternity from a New Beginning. From the very Prologue of the Bible, The Creation of the Universe, God manifests Himself as its Author and exposes the Fragility of His Book to the eyes of a World whose Ignorance about the Causes of the Revolution of the Kingdom of God, which in the Bible finds its Prehistory, was as great as the difference between the Intelligence of the Creator and His Creature was immense.

In effect, the "rational animal", in its political or philosophical version, is a powerless creature in the face of the abyss that separates Human Reason from Divine Intelligence. And yet Man was created to attain boundless Intelligence in the image and likeness of the Nature of the Intelligence of his Creator. But deprived of this elevation, his History had, logically, to write in the pages of the Universe the Chronicle of a Perpetual Civil War whose End, by law, would lead us all to the Apocalypse.

The Bible is, therefore, the Chronicle of the Foundation of the Universal Kingdom of God, Father and Son, in the Holy Spirit, (Old Testament), and the Establishment of the Civilization under whose Christian Banner and Standard the World is at this moment in final tension: Obedience to the Crown of the Son of God or Rebellion against the Will of God, his Father (New Testament).

Along the way, Universal History is reflected in a Family, that of Noah, which becomes a Tribe in Abraham the Hebrew, and develops until it becomes a Nation, the Jewess, in whose sons and daughters all that is good and all that is evil found a body so that in its flesh and blood Humanity, as it reads, we received a Divine Course on the Science of good and evil, the ignorance of which occasioned the temporary ruin of our Kind.

From the knowledge of this Science of Good and Evil, the nature of Reason's attack on Faith is understood, and its interest in reducing the Book of the Origins of the Human Race to a fable.

My work in *Prehistory and Foundation of the Kingdom of God* was to enter into the History of that Hebrew Family, Tribe and Nation in the light of Universal History rescued from its tomb by Archaeology, against whose History Reason, before Archaeology, launched itself with the fury of a predatory beast ready to devour page by page each of the books of the Holy Scriptures. The need is obvious. Even though the dialectic of Reason of the nineteenth century against the Historical Veracity of the Bible has been dismantled by Archaeology, the twentieth century has been mired in the Apocalypse of its total destruction, the Historians of the twenty-first century have not yet undone what Reason did, and the mountain of sentences without scientific foundations that the prophets of Socialism and Evolutionism wrote against Christianity continues to circulate in the world.

Believe it or not, they will pass away, they are already passing away: "But my Word will never pass away."

## **FOUNDATION OF THE UNIVERSAL KINGDOM**

The second part of God's Book, the Gospel, deals with the Battle between Life and Death, of Heaven versus Hell, and glorifies the Victory of the Holy Spirit against the Evil Spirit; of Christ over the Devil.

The Book of God says in its third part that when the Day of Announcement arrived, God commanded all his children to appear before his throne and lay their crowns at his feet. From what is read it is seen that some did it and others refused, and consequently the Rebels who did not do so were persecuted, dethroned and thrown out of Heaven.

From the reading of the New Testament it is clear that while the Faithful Princes persecuted the Rebels, God called His Firstborn, made known to him the Doctrine of the Kingdom of Heaven, and immediately sent Him to our world, where He became incarnate in Mary, the Virgin of Nazareth, and was born under the reign of the Herod in Bethlehem of Judah during the days of the universal census decreed by Octavian Caesar Augustus. about whose historicity there is much to be said ... in time.

Ignorant and unaware of the revolutionary measures that His Father had planned and that were beginning to materialize as a result of His Incarnation, the Son of God discovered Christ during the episode that He Himself lived in the Temple, at the age of approximately twelve. In Christ Jesus discovered the Thought of God, and what is more important, he discovered the Origin of the Holy Spirit, who was in his Father, the One True and Uncreated God who knew the Infinite and Eternity.

It is clear from the reading of the New Testament that God revealed to his Son both the identity of the true Enemy of his Kingdom and the Nature of the Revolution that only and no one else but Christ Jesus, the King Messiah, the heir of all the promises written in the Old Testament, born of the spirit of Yahweh: "a spirit of understanding and wisdom, of understanding and strength, of counsel and fear of God," could and should open.

Yet being subject by His Origin to the structure of the Ancient World, and because of all the princes of Heaven Jesus was the King of kings, it was His also to obey and submit to the decree of Abolition of the Empire which His Father dictated and was in the cause of the Battle in Heaven. which He speaks of in His Book, the Apocalypse. Just as the Princes of Heaven did, so too the King of kings and Lord of lords was to lay His Crown at the feet of God the Father.

And so it was; Jesus, the Firstborn of the sons of God, laid His Crown at the feet of His Father's Throne.

Thus, subject to the condition of individuals who, at their own risk and at their own expense, undertake a revolution with no other force than the love of the Truth, Jesus also was seized by the reactionary powers of this world, and, consequently, handed over to the judges of Christ to be reckoned among the evildoers as the enemy of the Nation in question.

### **THE MYSTERY OF CHRIST.**

But what no one knew, because no one could know, was that when He returned to His World Jesus Christ did so as Almighty King in the image and likeness of His Father, and Glorified in this way He brought into the House of God a New Family, His own Family, to be born, but which was in His Bride: the Catholic Church, engendered to unite the whole Universe in the same Religion, and to give birth to a Descendant born to unite all His Kingdom in the same Intelligence.

Here is the Mystery of the Holy Spirit, who is Christ: The Head is Christ Jesus; the Trunk is the Catholic Church, and the Members are the Children of God. Here is the spirit of Intelligence:

"I am certain that the sufferings of the present time are nothing compared to the glory that is to be manifested in us; for the anxious expectation of creation is waiting for the manifestation of the sons of God, for creatures are subject to vanity, not willingly, but by reason of him who subjects them, in the hope that they too will be set free from the bondage of corruption to share in the freedom of the glory of the sons of God."

How, then, can the Orthodox Church say that the Holy Spirit does not proceed from the Son, since the New Name of Jesus is Christ, and since Christ Jesus is the Head of the Holy Spirit made Man, and the Church is his Body, how can the Body move without the Head, or live without receiving everything from its Head?

And what is the object of Judgment against the servants of God: How can the Head move freely if the Body is divided and refuses to follow the direction marked by the Mind of God?

But this Division of the Churches, by which the Body and the Head were to come into Conflict and by the Body the Head was to be denigrated, had already been taken for granted by reason of the events which the Necessity of Christ's Death came to put on the table of History. The Liberation of the Devil in the Year One Thousand, (its first consequence: the Division between East and West in 1054), was dictated by the Necessity of God showing to all His children that the Destruction of the former Prince of the Empire

of Paradise, a member of the House of God, would be given as an effect of his absolute refusal to submit to the Civilization of the Kingdom of God. against which he conspired at the price of being banished for Eternity.

Having been liberated in the Year One Thousand and knowing God well, Satan could have bent his knees, recognized his Error and by reason of being just that, a Creature, ask the Creator for Mercy, until his Repentance had moved the Heart of God to Forgiveness. Contrary to what might have been expected of a Creature taken from the Dust and clothed with Indestructible Immortality by the Power of the Lord and God of Eternity, the Devil, the Ancient Serpent, the Dragon, whose Head was Satan, remained in his Conspiracy to eternity against the Kingdom of God. A Rebellion to eternity that God had already seen but against which nothing could be done, except to prophesy to the churches the consequences of this Need for Deliverance from the enemy of Christ, who by logic would seek to divide the churches to lead the Christian nations from the civil war, the Thirty Years' War, to the World War of Gog and Magog, Stalin against Hitler, from which the Devil hoped to obtain the Destruction of Christianity and, therefore, to humiliate God before his Creation by not being able to consummate his Will to Lead the Fullness of Nations to the Meeting of His Kingdom.

Thus ends the Bible; thus God closed his Book.

His Son made man sealed with His blood its Contents until the Day when the Expectation of Creation should be consummated and the Birth of the Firstborn of the Testator, upon whom He would write His New Name, Christ, and the Name of His God, Yahweh, and the Name of the Mount of God, Zion, born to inherit the Spirit of Intelligence, to come to Light, and the Door would be left open for all the world to enter and see the Contents of the Book against which the wise men of the nations rose up to deny its Divine Origin

### THE SILENCE OF GOD

The history of mankind without knowledge of the Old Testament is impossible even to conceptualize.

When at the beginning of the nineteenth century the historicity of Old Testament books was rejected, it was done thinking of the absence of documents that would support the existence of biblical characters and countries. Sheltered by that absence, the intellectual schools of the nineteenth century attacked Christianity in an increasingly violent way until they led, hand in hand with the scientific-cultural anti-Christianity of the nineteenth century, in the world and regional massacres of the twentieth committed by the Bolshevik States against the churches of the nations where Communism installed its empire of terror and death. Socialism was born to destroy Christianity and with it bury the History of the Human Race under the Culture of the Beast that devastated the twentieth century.

The end of the nineteenth century brought with it an archaeological revolution by which the biblical characters and cities and countries came out of their tombs to leave as true fools all those pseudo-sages of the late eighteenth and early nineteenth centuries

who used the absence of these Documents as leverage against Christianity. All in all, the Anti-Christian and Anti-Civilizing Harvest had been made, the crops were ready, the reapers in their places waiting for the order of Battle. Like a field capable of yielding two harvests in the same year, the 20th century yielded two harvests of Total Destruction.

If the Socialism of the 19th century was theoretical, the Socialism of the 20th century was practical, and under its practice tens and tens of millions of human beings were deprived of life in the manner in which the harvest is gathered: the Socialist Beast crushing under its legs everything that was put in its way.

Bolshevik Socialism, or Communism, and National Socialist Socialism, or Nazism, being children of the same putative mother, the Atheism of the nineteenth century, the two murderous fratricidal beasts threw themselves against each other until they made the world a vat where nations, like vineyards, were trampled to the health of Socialism of the twentieth century, and all nations drank from wine. who, drunk on blood, ate human flesh to their heart's content.

With the twentieth century plunged into the world of Socialist Hell, the Archaeological Revolution of the late nineteenth century was put aside, and the Science of History, terrified by its real-time Object, was lost somewhere in Nothingness, to return to light in the flesh of a mutant without any intellectual capacity or scientific character whatsoever. under the name of Historical Novel, he wanted to replace the task of the Historians of the Second Part of the twentieth century, and use the scandal and the unsolvable gaps, as gold mines.

The love of Truth implied by the very existence of the Scientific Mind, after the Two Great Wars, was buried, and put in its place the love of the golden fame of the Nobel Prizes, the Academic Medallions and other caveman trifles with which to satisfy the minds of "the sages" of Postwar Science.

At this point, and despite the Anti-Christianity inherited from the Science of the 20th century, in this 21st century only the vocational illiterate are unaware of the Poly-Millennium Historical Chronology of the World in which we live. In the absence of wise men, the Mass Media have imposed on themselves the duty of making up for the absence of Knowledge of the Historical Truth with stereotyped images created for the Control of Order in Chaos that characterizes the New Pragmatism of Atheism of the XXI. An Atheism without Morality or Conscience that slowly but surely imposes its Fratricidal New World Order on the back of the Reason of the Bestiality that characterized it throughout the twentieth century. Like that Pilate of the Gospels, the Scientist washes his hands of the effects of technological inventions supposedly born to fight against the problems of a Planet afflicted by Biological Death. Unlike that Platos, the scientist of the 21st century washes his hands in the colorless blood of the Geocide that he sponsors through pandemics, epidemics and genocidal wars. Against this World Order without a Future at the Origin of the Universe: the Spirit of Christianity of the XXI Century lays its Foundation in the Historical Knowledge of the Memory of the Human Race, a platform on which the whole Edifice of the Future stands in Truth, mother of Justice, whose daughter, Peace, is the only House where the Prosperity of Nations finds its "land of milk and honey". And anything that is to found the Future of the 21st Century on pragmatic bases is to fight against the biological death of the Earth by burying one's head in the sand.

The Old Testament is the Universal Historical Platform on which to rethink the Conception of Science not as an instrument for the Evolution of War and the Imposition of Peace in exchange for the loss of Freedom, which is the objective and purpose of the Politics of the Global Order of the XXI.

Why do I want Peace if I am not free? Can democracy be the cover for a justification of a Dictatorship due to a need to combat the chaos that we observe in the world? Isn't it better to die free than to live as slaves, either of an ideology or of an interest group, whoever it may be?

The Old Testament is first and foremost the Struggle for the Freedom of Man as Gender, represented by the House of Adam and the Nation of Israel, against the dictatorial forces of the monarchical groups that existed all over the planet since the Fall of the first kingdom that the Earth knew, "whose crown came down from Heaven".

And it is to this point in history that we must go if we want to understand this Struggle, for it is from this surface that Adam's journey in the history of the earth begins. As we advance, we will decipher in historical terms each step that the Old Testament contains, in order to place it in relation to Universal History as Evolution from matter to spirit.

Thus, the Value of the Old Testament, a ladder with respect to which to refer to the Succession of Empires from the Third Millennium B.C. to our Era, is of the first order. Because its ignorance precedes the enslavement of the Memory of Humanity to the interests of certain groups of Power, its Knowledge is the principle of the Liberation of Man as a Being with respect to the mental chains that, dressing up in progress, intend to submerge under the boots of the empire of their group interests the most sacred Freedom that exists. the Freedom of the spirit! It is not in vain that Socialism of the XXI Century tends by law to the lobotomization of the Memory of the Human Being through the amputation of religious Education. What more murderous than that atheist who, under the empire of progress, is capable of massacring by the millions those who present a diametrically opposed Plan for the Future? Has it not been Scientific Atheism that has led the Planet to the limit of its biological existence through its Thernonuclear X-ray of the Earth? What could be more manipulated than a biblical illiterate?

From the Fourth Millennium B.C., the Human Race lived an unrepeatable epic that, by its Consummation in the Birth of Christianity, resolves the existence of nations in the bosom of a Universal Community united in the same Spirit. From Jesus to our days, the Future of the Human Race has depended on the Christian spirit to advance from the Fall of Classical Civilization to our generation, overcoming along the way tragedies that, if God had not impregnated Man with His Passion for Freedom, our Century would never have been able to occur.

It is in this context that the churches, without distinction, for God left them all under "the law of faith that is corrupted," in order to have mercy on all in Obedience to His Present Unifying Will, under that law all the churches, without exception, have left pages of unspeakable errors written in the Book of Life. And yet, whoever is free of sin should cast the first stone.

Of all the errors of the churches the Right of the Individual to interpret the Bible is the greatest, and the nucleus and bosom where all the heresies of the first centuries have laid their teeth and nails, their most palpable fatal consequence being the Division of the

Kingdom of God on Earth, the effect of which Division, adjusting the fact to the Decree: "Every kingdom divided in Itself will be destroyed," Death, the Devil, and Hell hoped to reap the Destruction of Christianity at the Hand of the One who laid the First Stone. Now, where is who can read in the Omniscience of the Uncreated God and say: I can interpret the Word of God? And yet, this insanity is what the Right to Interpretation of the Bible implies. The Bible is not interpreted: the Bible is lived. It was because of that "right" of Jewish theologians that the biblical nation of Israel was reduced to rubble and its survivors banished from their fathers' inheritance to suffer the Penalty they signed against their children: "Let His blood fall upon us."

How to interpret what is clear as water?

The "Reason alone" interpretation of the Bible implies in the mind of the interpreter a total lack of intelligence in the one who is "interpreted."

The Bible is Light, there is not a single obscure passage or dark part in God's Book from which confusion emanates.

The Bible is Truth. The one who writes is the God of Eternity and the Infinite, the one who reads is stardust.

The Bible is Life: The Father is God, the Son is God, the Holy Spirit is God; the Holy Spirit lives in the Father and the Son and proceeds from God, Father and Son to Man.

Jesus is the Head of Christ, Christ is the Head of the Churches, God is the Head of Christ Jesus.

Everything that is too much and everything that is too much is to make amends to God. And where is the fool who will dare to put his finger in God's mouth? Cellular? Calvin? Luther?

The Old Testament was written for his Son by the God of Wisdom by the hand of his Servants the Prophets. Since God the Father spoke to his Son through his prophets, it was impossible for any man, God having withdrawn his Spirit from man, without exception, both from the Jew and from the Gentile, to comprehend the thought and word of the Creator of heaven and earth. And since it has been demonstrated on the Cross that without the spirit of Intelligence no one can comprehend God, Faith being the Grace by which without Speaking the Tongue of God Man understands God in the Love of Christ, and precisely because it was written: "But creation eagerly awaits the manifestation of the children of God," that is, the Descent of Christ, being the one who wrote the son of God, from the Descent of Abraham, the Descent of Christ not having been manifested, being for this Descendant that the New Testament was written, the desire to Understand was universal in Christianity, and the desolation due to the impossibility of entering the Divine Mind was the beginning and origin of the Interpretation, who, prospering, divided the House of God on earth and has exposed it to the Judgment of the God who said, "Every house divided in Itself shall not stand." And since it was God who said, "Let there be Light," and there was Light, and signed with his blood the Decree against the Division of His Kingdom and House on Earth, that is, the churches, who interprets the Bible in the light of his Reason, he works for the Devil, for everyone who is of God, even without knowing the Mind of God, abide in God.

Now, the Decree being Omnipotent is Wonderful, and foreseeing the Work of the Devil in the Cellphones and Luthers, saying "in Himself" left the door open to Obedience

in Unification; thus in His Almighty Omniscience pointing out the nature of the Future in His Testament.

The Old Testament is therefore first and foremost God's Discourse in the light of the day for his Son. For the Fall of the Human Race caused a Cataclysm in Creation that had to be fought by God. And since the Spirit of God is the enemy "of the generation of those rebellious children" who rose up against His Law, and used man as an axe with which to declare war on the Holy Spirit of God, in order to overthrow the Law: "that wicked and perverse generation" waited to tempt the Son of God with the fruit of the Knowledge of good and of the.

Death, the Devil and Hell used man as a pawn and Earth as a battlefield.

Following the rules of the Encounter to the Death between the son of Eve and the son of Death, God spoke to His Son using the blood of the Prophets as Ink. The supreme aim of the Discourse was to raise publicly and forever before all Creation the Nature of God's Holy Spirit. Hence it was written: "The Word Became Man."

And if I say that the elevation was made public and forever thinking of one who has not yet understood that the Holy Spirit is the Being of the Living God, and that this Nature having been called into question by that "wicked, rebellious, and perverse generation" from among the children of God "not of this creation," it was through this Doubt that Hell entered Creation. The Wickedness of that "infernal generation" was carried to the extreme of Tempting the Son of God with the fruit of the Science of Good and Evil, that is, War.

Man became a simple instrument, an axe of war in the hands of a generation of "gods" conjured in Rebellion ad eternum against the Holy Spirit; and since they could not lead God directly to place between his Spirit and his children, "not of this creation", a Wall of Separation, a Law of Specific Impunity by reason of which Power became an Olympus of "gods" beyond Good and Evil, that is, beyond Justice, that "murderous and diabolical generation" wanted to achieve, winning for their Cause the Son of God, what they could not achieve by directly attacking His Father.

Man, used as a battle-axe for hellish purposes, does not lose this condition during the course of Bible times. Throughout the Old Testament the human being remains an Instrument. And it will be, without exception, throughout New Testament time as well.

But if in the case of the Evil One and his "infernal gods" Man is an instrument for the perdition of the entire Creation; in the case of God, man becomes an instrument at the service of his Creator in the same way as a soldier is in the service of his King, in this way God begets in Man first Prophets and then Apostles, "the first" as "the last", all in the service of the same Lord, and all, the same "the last" as the "first", subject to the law that governs the Lord-Servant relationship, where the Lord commands and the Servant obeys, all the work of the Servant consisting in doing what he is told.

All of them, then, both "the first", the Prophets, and "the last", the Apostles, were subjected, enslaved, to the same Law of Silence. The Law of Silence was to remain until the End of God's War against Hell, when God would extend Freedom over His children, of the Seed of Christ, and His Intelligence would cover, by the Hand of His Father, the whole Earth.

In conclusion: the Earth, where the Future of Creation was at stake, has been, as has been seen in the Division of the Churches, the battlefield chosen by those who declared War on God to the health of the transformation of the House of their children into an Olympus of gods, all of them beyond Justice, all of them under a Law of eternal Impunity by reason of which the Nations would become pawns on the Chessboard of Existence, with which "the new gods" could play War to kill time, conceiving the births and deaths of empires without ever paying the price for their crimes.

It was against this Infernal Idea that God rose up in Anger before the corpse of His little son Adam, a Cholera that the "intellectuals of science" condemned, thus demonstrating their supreme Ignorance when it is a question of the thought of God, or do they intend to curse the Justice of God as Incorruptible?

To this question Science will have to answer in this Century, and according to the answer each one will judge himself, and each head will have his part, who with the Devil dreams of War as a Natural right of Power, to Hell, "death is his part"; who with God abhors that Right and signs the Decree of God against the Knowledge of Good and Evil, loving the Law, without Exceptionality, above all things, eternal life is disposed upon his head and for his joy.

As we go along we will go into the details of the War of the Kingdom of God against Hell, always keeping in mind that the Earth is its Battlefield since the Fall of Adam. Forgetting this reality is lethal and leads to the first false step in the direction of the perdition of one's own intelligence when one confuses God's Wrath at the corpse of his son Adam with the Judgment of an Implacable and Merciless Judge.

Even though Satan was a son of God, the transgressor, God unloaded the full weight of the maximum penalty imposed on the one who made the Human Being an instrument at the service of a non-human cause: Tempting the Son of God with the Fruit of the Cursed Tree: War!

The whole Old Testament is an action of suspense, in the fabric of which the whole creation holds its breath waiting for the Answer of the Son of God. Would the Son of God eat, or would He not eat? In short, would the Son of God find the Idea of the transformation of the House of "the gods" into an Olympus beyond Good and Evil agreeable?

#### THE NEW TESTAMENT

"Ignorance is the Mother of the Lamb" says the proverb. In this way Wisdom puts its feet on the ground. Ignorance was the Cause of the Doom of the First Man and his world. Prototype of Adam, as we read in the Book of God, of the Knowledge of the King and Lord Jesus Christ, Head of our World, it will be from this projection of the Future to the Past that we must begin to reinterpret the nature of the Ignorance of the king and lord of Eden.

Prototype of Adam, God says in his Book, in order to make us see in the First Man a son of God "in the image and likeness" of the Universal Model of the Being of the children of God, that is, Jesus Christ. When we read "let us make Man in our image and likeness" we understand that on the one hand God spoke to his Son, and on the other being the Son who spoke, from what God says "The Word became flesh", it is understood that the Son was speaking to his brothers "not of our creation", we understand that the End was the one that is written: "Jesus, son of David, son of Abraham, son of Adam, son of God." Man being created to be "a child of God" among children of God, and God having given us to see, hear and touch that Universal Prototype in whose image and likeness we are all created, the intelligence opens itself to Divine Wisdom to understand that Man was created in the Spirit of Truth, being for him the Word of God "the Truth". as we see in His Son, in whom the Lie is Inconceivable, all the more so because, having been raised to the Divine Nature, there is no greater glory and treasure for a child of God than to live in the spirit of Truth. The Word of the Son of God is Law because the Word of God is law. Created in "His Image and Likeness" the Life of Man is in the Word.

The Word is God, God is the Truth, the Truth lives in the Son of God, the Son of God is the Truth in the image and likeness of whose Spirit every child of God is created and formed, whether of this creation or "not of our creation."

There is only one God, whose Spirit lives in the two Uncreated Persons: YAHWEH GOD THE ONLY BEGOTTEN FATHER AND JESUS CHRIST GOD THE ONLY BEGOTTEN SON. This God is the HOLY SPIRIT by the work and grace of the one who in Mary became incarnated "the King of kings and Lord of lords" of the Empire of God. This Eternal Spirit lives in the Father and the Son. There is no division between God and his Son because the Spirit of God the Lord of Infinity and Eternity, Creator of the Cosmos, "of Light and Darkness", lives in YAHWEH GOD and his SON JESUS. The Origin of the Fall of the King of Eden, father of Abraham, father of David, father of Christ was in his nature as a son of God in the Image and Likeness of his King and Lord Jesus. The Lie was inconceivable in Man before the Fall. The Word of Man, the word of every child of God, is Law whose Source is GOD Himself. In GOD the Law is the Truth. To believe, therefore, in the word of that son of God, whose name was Satan, who came to tell him that it was the Will of God that he should eat of the Forbidden Fruit, was for Adam, the man on whose head "the crown that came down from Heaven" rested, to believe in the Word of a son of God was to believe in God. who had sent him to announce to him that one Age was ending and another was beginning; the old, during which the human being was under the tutelage of the children of God, "not of our creation", the gods of Antiquity, must give way to a New Age in which man began to write the History of his Future. Son of God, the King of Eden, was called to extend the Empire of Heaven on Earth to the ends of the world, for which purpose He was invested with the All-Natural Power who, being the Son of God, is God among men. Every man was subject to his Will, which from that moment became the Will of the God of gods. Any resistance to his Will of the King of the Earth became from that moment considered Rebellion to the Crown of the King and Lord of the Heavens: to whose Divine Corina his Will was exclusively subjected. Elevated to the status of the kings of the Empire of GOD, the king of the Earth could not be judged by anyone and inherited Absolute Power to extend the Empire of the Heavens on Earth: the End justifies the Means.

The Cunning of that Serpent, son of God, named Satan, was Malignant and Perverse Poison insofar as it manipulated Man's Ignorance of the existence of the Lie,

and his Divine Faith in the Truth insofar as the Unfading Glory by the Creator extended over all His Creation, the nexus and bridge that unites all creatures to their Creator. Source of his Existence, Man did not fit in the Being that the Law was abhorred by a son of God, whose life exists in the Word, by which every Being is Animated with Eternal Life and Intelligence in the image and likeness of the Son of God, our JESUS CHRIST.

There was ignorance in the Transgression of the First King of Men because he did not conceive the idea of a Rebellion against the Holy Spirit of Truth, by whose Divinity the Truth becomes the source of the Universal Law in the Light of whose Justice and Grace all Creation lives. Adam, son of God, free from the Tutelage of "the gods", became himself "a god" with Absolute Power to convert all the families of Earth to the Empire of Heaven. A lie that spread to all continents once Sin became norm and law among the kings of the peoples. A lie that made ancient peoples believe that being "a god" is the end of human existence. An Evil and Homicidal Lie that has remained to this day in supranational religions preserving the Means of Homicide for the achievement of the End, the others worshipping men as gods; or in their modern genocidal ideological forms in which the End justifies the Means, and the opposition to that Means to be considered as a declaration of war.

Such was the Poison that that Serpent, called Satan, injected into the Human Race. Against whose Poison God gave us His Son, in whom we saw that the Almighty Lord being the One who at the beginning opened his Mouth and "so it was done", because He was in the Beginning, and as in the Beginning when He was already among us He opened His Mouth and "so it was done", before all men so that all men might be saved by the Vision of His Works, "not by Reason," and by the Works let us understand that He was the one who said, "LET THERE BE LIGHT." And by the Works we believe. And without the Works no one would have believed in the Son of God, who being "True God of True God" contrary to what his father "Adam" did, on the part of the flesh, before the Law of his Father, that is, of his Word, even though he was who he is, "GOD THE ONLY BEGOTTEN SON", bent his knees and preferred Death rather than rise up against the Wisdom of GOD THE ONLY BEGOTTEN FATHER. Resulting from their Obedience from God in person the Declaration of Ignorance in the First Man, as well as the Declaration of Innocence in God in the Cause of his Fall. Against whose Declaration of Innocence of God, His Father, in the Open War against His LAW, that same Satan rose up, in the days of the Opening of our Civilization to the New World, sowing in Germany and Switzerland the Evil Tares of the Division of the Churches, entering, as the Devil in Judas Iscariot, in men of flesh and blood, with names and surnames, the founders of the Anti-Christian Reformation to whose glory and health the European nations sacrificed themselves in the so-called Thirty Years' War.

## PART TWO

### THE FINAL BATTLE

1

#### ORIGIN OF JUDAISM

The Spirit of Intelligence of God withdrew from man in fulfillment of the Condemnation due to the King's Transgression. This is immediately seen in Cain's Fratricide against his brother Abel. God determined that a son of the king dethroned by Satan would rise up to conquer the crown that his father lost. The question for Cain became who that heir would be, him or his brother Abel. Even though God was telling Cain to cease losing himself in this murderous interpretation of his Word, Cain, deprived of the spirit of intelligence, condemnation to which all men were thrown as a result of the sin of the First Man, allowed himself to be carried away by the desire for revenge, for a siege, and by ambition. On the other, envy also playing its part. In any case, the homicidal effect of Cain was installed in all the nations, which dragged in search of the Empire, by the hand of the Thief who stole the crown of the Earth from his legitimate heir, Adam, were lost in the darkness of the Endless Genocidal-Suicidal War that the Iman Genus has been living since that time. But if the world was condemned for the sin of one man, that man's offspring lived the effect of their sin from its very beginning, an effect that remained through the generations and led its last generation to condemn the son of Adam and Eve, the heir to the throne lost by his father. And this effect is to declare oneself the Interpreter of the Divine Word. The psychopathic schema of Cain's thought is simple. Eva had two children. One of them would be the Avenger of his father's death and the conqueror of his stolen Crown. Would it be Cain, would it be Abel? Which of the two brothers would be the one chosen by God to regain Adam's throne? Cain wanted that glory. But God was well pleased with his brother Abel. Here I enter the discourse of the Word according to Cain. By killing his brother and his parents having no more children, Cain forced God to declare him his chosen one. Since the Word of God is God, in the face of the fait accompli of fratricide, God would have to jump on his crime to fulfill his Judgment. In psychopathic terms, this structure of thought is what led Satan to convince his allies in the Case of Eden. Would God condemn a son for transgressing a Law against which he had been dragged by an intellectual author different from his being? Even if the mastermind, he, Satan, was condemned for having passed himself off as a Minister of God, the Law is the Word of God, and the Word of God is God, on the basis of Man's Ignorance it was believed that God would absolve his son Adam. Absolution that would imply the Veracity of the fallacy of the Law as God. For if the Law says that whoever eats of the fruit of the Science of good and evil, that is, War, making it the means to an end, judges himself and is given up to Death, with the Absolution of Adam, on the basis of his Ignorance of the Cause that impelled Satan to pass himself off as the Messenger of God, such Absolution based on the Love of God the Father towards his youngest son, Adam, would mark the end of the Holy Spirit in God, in such a way that becoming jurisprudence the Law would cease to be GOD to accommodate the needs and circumstances of events,

an end sought by Satan even running the risk of making the weight of the Law fall on his head.

Like Cain, deprived of the intelligence that comes from God, he sought to enslave the Creator of the Cosmos and of all Life to his personal interest, in which we must observe the desire for Vengeance against Satan and the Necessity of re-establishing the Corina of Heaven on Earth on the three divine pillars: Truth, Justice, Peace, which is why God condemned him to exile but not to death, in that way, but with the wickedness of someone who hides a Serpent in his chest and the poison of Death oozes from his mouth, Satan wanted to bring God to his knees before the fait accompli of the Transgression of his youngest son Adam. Well, let us not forget that when God returned from His Paradise and asked Adam, his son, for explanations, both Adam and his wife were hidden. The Civil War was waged, the royal family was dethroned and thrown out of Eden. Another house had girded the crown, and this one did not come down from Heaven but came up from Hell.

2

THE ULTIMATE ENEMY

Beyond this Cain Effect that survived in the House of Abraham until Christ, whom they condemned because they, the Jews, and not God, who should decide when the Messiah should come or should not come, something that the son of Solomon already did, cause of the ruin of the kingdom of David, prototype of the ruin that his people would make descend on the heads of their children for their Crime against Jesus; beyond this consideration, still persistent among the Jews saved from the Holocaust, even daring to dictate to God when He should send them His "Messiah", because they refuse to believe that God does not owe an explanation to the Jews or to anyone in this World about the Holy Spirit of HIS Wisdom; beyond this redundant Question we must establish ourselves in His Wisdom by facing the Case of the Malignant Schizophrenia of a Creature in whose brain emerges the Idea of an evolution to the very Condition of its Creator.

Sure enough, here is the Seed of Death. God cannot be created. God is Uncreated. And God is the Creator of all that exists, on Earth, in the Heavens, and in the Heavens of heavens. Creation in the Image and Likeness of God implies eternal life, the Victory of God over Death. Out of Love for His Creation, natural to the Spirit of the Creator, declaring Himself Father, God extends the Life of His Love over all His Creation, so that in His Fatherhood all His Creation may live the Almighty and Invincible Guarantee of this Truth: God loves Life with all His Being, and Creates it in His Image and Likeness so that the whole Creation may enjoy the Glory of being children of God. The ceiling to the growth of the Intelligence of your children is your Omniscience, fruit of YOUR Wisdom, which for eternity feeds the growth of the civilizations of the entire House of the Creator. But no one should forget that the Father of all is the Creator of the Cosmos; before Him we are all His Creatures, who in the Love of Father to children and from children to Father, we have everything. Out of Love the Creator elevates His Creation to be HIS Family. But no one should ever forget that He is the UNCREATED GOD, LORD OF INFINITY AND ETERNITY. He has created the Cosmos which, emerging from the Uncreated Cosmos, extends for eternity through infinite spaces. We are all created Life

arising from this New Cosmos. Life that participates in the Life of its Creator by this Creator's Love of Life. Starting with your own YOURS. For the Love of Life, this Creator, Lord of the Cosmos, becomes the Family of His Creation; some he calls brothers, others he calls friends, others he calls sons, and he treats all as such, brother as brother, friend as friend, children as children. But we are all His Creation, His creatures, and regardless of an Age that has eternity as its horizon, no matter how many billions of years we all live, and will live, we will always be His creatures, His children. Evolution into the "equals" of God, our Creator? To dare to cross that border of Love in which as Father He gives everything to His Family, to forget that we are His Creation, and believing ourselves to be His Equal, to dare to demand that He change the Laws of His Universe? To fall into the madness of declaring an Open War against the Creator of the Cosmos, Lord of Infinity and Eternity, YAHWEH GOD: FATHER OF JESUS CHRIST?

How could this FATHER not show his confusion and hallucination when he returned to Earth to find her in civil war and her king in exile! Someone had crossed that boundary that suddenly raises an abyss between the Creator and His Creation. And it could only be one, the Judas Iscariot of Heaven, that cursed Serpent against whose rebellions, prior to our Creation, sowed the Paradise of God with the fire of Hell: Satan. That Beast had gored before. Her Owner tried to cure her of her evil by lifting the Law of Eternal Banishment from Creation against anyone who rose up again in War against her brothers. And Satan, the son of God, was the brother of Adam, the Least of God's sons. INTO WHAT space of his brain the idea of overcoming his Creator could enter! That is why God tells us of his Spirit: "The Spirit of Yahweh is a spirit of wisdom and understanding, understanding and strength, counsel and fear of God."

God's fear of being defeated in such a contest declared against his Spirit. The very idea of thinking about it is insanity. God was not seeing Satan or Adam while He was passing Judgment. Doesn't the wise man look for the origin of the disease? Death had returned from the tomb in which the Creator banished it by raising Life to Immortality in His Image and Likeness. She entered her Empire while the Creator showed her Son the Glory of God, covered her Paradise with her Fruit, the War, was defeated by the Brothers and the sons of Yahweh and Zion, withdrew into darkness and returned to give the Final Battle against the Holy Spirit who lives in the Creator. It was the Future of the entire Creation that was being threatened by the Death of Destruction. Death was the Enemy of the Holy Spirit of the Creator, the Indestructible Wall against which its existence in Creation, as part of the New Cosmological System, was condemned to eternal and infinite Failure.

Death in Satan brought with it a cosmological system ruled by an Imperial House of gods, each and every one of them kings, each and every one of them beyond the Law. The Law of the Science of Good and Evil would be the New Law by which the New Empire of Heaven would be governed; a law to be administered by a house of divine kings against whom Justice would have no jurisdiction; they would be gods, and gods of an Olympus heirs to a pastime called the War Game.

YAHWEH GOD was not looking at Satan and Adam as he pronounced judgment on them according to justice and law. The Event that he had in front of him, seeing face to face the enemy of his Creation, Death, brought him to the forefront of Consciousness the Days of Eternity when in his Youth Death tempted him with a Creation in which Paradise and Hell would coexist forever. Yahweh God rejected that Fruit, and gave Himself to the Quest for the Creation of a Universe in which Life would be elevated, by

His Wisdom and Glory, to His Image and Likeness, Immortal Life invested with Natural Indestructibility to its Creator. The True Enemy of His Creation showed His face and before this Fact for Eternity He had only one Answer: FINAL BATTLE.

3

THE MYSTERY OF GOD

Here begins that Silence of YAHWEH GOD THE FATHER, an attitude of absolute closure of His Thought and Mind that no one could open at that time, and that GOD THE SON JESUS would open in the Temple of Jerusalem, described in the episode of the Child Jesus among the Doctors.

Let us begin by saying that the Event of Satan's Betrayal, then a son of God, one of the sons of God for whom the FIRSTBORN SON GOD said, "Let us make Man in our image and likeness," ergo: a son of God; Treason that was a formal Declaration of War against the Holy Spirit of the Creator; this Betrayal of a Creature towards its Creator fell on the ONLY BEGOTTEN SON of YAHWEH GOD like a thunderbolt on His Intelligence and Heart. What had happened? How was it possible that a created child of God, son of His FATHER by Adoption, had dared to pose as a Minister of the CREATOR, deceiving his younger brother, Adam, dragging in his Transgression the Earth into the Civil War until its Total Apocalypse? But if this Confusion were too little for his Understanding, the Silence of his FATHER on the Cause of such a Treachery left him as if in Nothingness.

For His part, His Father limited Himself to announcing to Man the End to which his Existence without his Creator would lead him. An end that HE, YAHWEH GOD, the Only Begotten of Eternity and the Infinite, had lived on countless occasions throughout and throughout the Ancient Cosmos. Experience, the Source of his Wisdom, from this Wisdom dictated to Man what he had seen in innumerable worlds fallen into the Science of Good and Evil, for whom Power always became the goal of his efforts, and Science a means to rise to the divine condition, which without the BEING OF GOD was the final product of an Evolution of Life in the Cosmos; existential frustration that always led them to war as a substitute for that divinity impossible for every creature. "You are dust and to dust you will return." Immortality is in God the Creator, author of the Law of Creation. Outside His Law is the Destruction of all life. Amen! Every extra or stolen word is a Collective Suicide; To feed this Murder of the World for reasons of individual or group interests, and to sustain it through the law of the Science of good and evil, that is, War is the Means by which Science serves to establish a new law in the Universe, is pure and simple insanity. The Universe belongs to its CREATOR: YAHWEH GOD FATHER OF JESUS CHRIST. Any departure from this Almighty Truth is to open the door to Death, an action that Adam, without knowledge of the facts, deceived by Satan, did.

Would God pardon for the sake of his son, thus corrupting the Law, creating jurisprudence for new wars? The Answer was not long in coming: The Word of God is Law, the Word of God is God, the Law is God. YAHWEH GOD THE FATHER cannot deny himself. He is the Father, and the Father is God, and the Law is God, The Law is YAHWEH GOD THE FATHER OF JESUS CHRIST. To transgress the Law is to declare war on God; to think of the Pardon of the Transgressor in terms of the Family relationship between the Judge and the Offender is to cast under the Rock on which God

has raised the Civilization of his Universal Kingdom. The Father of Jesus Christ, God the Only Begotten Son, could not do such as Creator, Judge, or Father, without banishing from His Being the Holy Spirit of the Lord of the Cosmos, Creation founded by Him to sustain in His Existence the Immortal Life in His Image and Likeness. From the Absolute Denial of this Possibility God said to the First Man "You are dust and to dust you will return", that is, I would rather destroy everything I have created than banish from MY Being the Holy Spirit of MY Wisdom.

God was beholding his True Enemy, Death, face to face. If, as I wrote in the Divine History of Jesus Christ, the Creation of Man was preceded by a Universal Revolution founded on the Necessity of establishing the UNIGENITURE OF HIS FIRSTBORN JESUS in the Contemplation of His DIVINE POWER, by which we say CREATOR OF CREATOR, a reality that had been Doubted by Satan before our Creation, and that projected was admitted by those who allied themselves to their War for the Regency of the Crown of the King of kings and Lord of lords during the Days of Creation, causing Two Universal Wars against the Brothers and the sons of YAHWEH AND ZION; it is understood that after this Declaration of War against the Holy Spirit was a Third Final Universal War whose Reality obliged YAHWEH GOD, as Creator and Founder of the Universe, to establish the Future of his Kingdom on a New Beginning. This was evident to the whole house of the LORD GOD. Death had entered Satan, he had chosen the Banishment of Creation rather than live for Eternity in the Light of the Law of the Creator: TRUTH, JUSTICE and PEACE, the three pillars on which the Building of Freedom, Fraternity and Equality among all the children of God is supported. all Citizens of His Kingdom, all subject to a One Universal Law, the Law of Love of Life, Origin of the New Cosmos. Truth that we saw and have in all its Omnipotent and Everlasting Magnificence in the Obedience of the One who, being HIS Only Begotten Son, True God of True God, bent His knees before the Law of His Father, even at the price of being treated "as an evildoer, an enemy of His people, a madman who deserved a thousand times the cross to which the Romans condemned Him."

The Lesson that we all inherit is eternal and omnipotent: Whoever wants to go to Hell should go with Satan and there they will make War for eternity; whoever wants to be Immortal in the image and likeness of the Son of God, should bow his knees before the KING: JESUS CHRIST GOD THE ONLY BEGOTTEN SON, in whom YAHWEH GOD THE FATHER has his LIFE, and nothing exists without his Son, and no one remains in Life without the Adoration of the Firstborn of God. Following in everything the Bride of the LORD KING JESUS we confess the Truth on which the whole Creation has been Refounded: "TWO PERSONS, ONE GOD: THE HOLY SPIRIT who lives in the FATHER and in the SON". And with the Holy Spirit made man we affirm "whoever does not adore the Son does not adore the Father". For those of us who adore God adore the Holy Spirit of the Creator, who lives in YAHWEH GOD and in the KING: JESUS CHRIST. We do NOT worship God for His Infinite Power, we worship God, our Creator, for His Eternal Love of Truth, Justice and Peace, by whose Law we know that we are all Equal before the King and GOD. It does not matter where a child of God sits, whether on the Left or the Right of God, we all, absolutely all continue to be Citizens of the KINGDOM OF HIS SON.

The Law is Incorruptible and Unfading. For if in Love we have everything, whoever banishes from his Being the Fear of Yahweh God, whose Word is the Law for the Cosmos, before whose Word the whole of Creation joyfully unfolds to generate in His Body Life in the image and likeness of its Creator, he condemns himself to Exile from Life.

Satan chose this Exile.

GOD sent us his SON JESUS to conquer us by the Love of this Fear of his HOLY SPIRIT in which we have the Life and Glory of being children of God, Citizens of his Kingdom, Immortal beings invested with the Natural Indestructibility of his SON, our Creator; but against which rising up is absolute madness.

The Doubt of the True Divinity of the KING JESUS CHRIST and the Denial of the Existence of YAHWEH GOD, Creator of the Cosmos, is, in this Final Battle, that it is for the Human Race, since God has already Conquered Death and Refounded His KINGDOM in the Everlasting Universal Crown of His BELOVED SON JESUS... it is to choose between CHRIST AND THE DEVIL, to the devil.

The Devil, Satan, has already deployed his forces on Earth to drag the Fullness of the Nations into the Apocalypse of the Destruction of the Human Race. The drums of the Third World War are already sounding and all the founders of Doubt are beating among the peoples who were founded by the One on whom they denied their Divinity, with this everyone seeing that as Satan chose to be an Unclean Beast to be a son of God subject to the Law of all other beings, thus those who were born citizens of Christ's Kingdom on earth chose to be genocidal wild animals to men in the image and likeness of our Creator. Voluntarily banished from the Divine Omniscient Wisdom, they threw themselves into the arms of the Sciences of Death, sowing the nations with weapons of mass destruction; having been born free by the Work and Grace of CHRIST, seduced by riches, they chose to be slaves of the genocidal powers of the world to the freedom of those who have in Creative Omniscience the source of the sciences of Life.

The Day and Hour has bequeathed in which every man must decide his position on the Battlefield, who against Christ is with the Devil, who desperately seeks the Destruction of the Human Race in the face of a KING in whom GOD lives.
